Board approves transfer point near Ingoldsby

After meeting with police and Ministry of Transportation and Communications officials, the Haliburton County Board of Education has decided to transfer students between two school buses on Highway 121 just north of County Road 18 to Ingoldsby.

The decision to have the buses meet at a high point and stop both lanes of traffic is a reversion to an earlier practice.

Following an October mishap between two stopped buses and a dump truck on County Road 1 in Snowdon Township, the board was petitioned not to transfer Ingoldsby area students on Highway 121. In response, the board and bus company officials agreed to move the transfer point to the Ingoldsby Road at its intersection with Highway 121. But the change proved unsatisfactory because it required the southbound bus, which takes students to Archie Stouffer Public School in Minden from the Blairhampton area, to make an illegal left turn and block both lanes of the Ingoldsby Road, in effect parking in an illegal manner.

A suggestion from citizens that the transfer take place on a section of old road just north of the Ingoldsby turn was investigated recently at a meeting between an MTC representative, an OPP officer, director of education J. Douglas Hodgson and a representative of Northernways Transit.

In a report to the board of education last Tuesday, Hodgson said the consensus among those who attended the on-site meeting was that the original system of stopping the northbound bus from Ingoldsby and the southbound bus to Minden at a high point a few metres north of County Road 18, requiring traffic in both directions to stop, was the safest option.

The board approved use of the transfer point as reported by Hodgson.

Trustee resigns

Dysart et al trustee Dr. Blair Pierce has resigned his seat on the Haliburton County Board of Education, effective at the end of this month.

Dr. Pierce, who was elected to his first three year term on the board in November 1982, is moving to London, Ontario where his wife Barbara has accepted a position with the city's social services department.

The board has appointed Dysart trustees Len Salvatori, Paul Wilson and Nancy Stinson to recommend someone to fill the vacated seat. A new trustee is expected to be sworn in at a special meeting of the board set for next Tuesday.

Marina gutted in fire

The main building at Kushog Lake Marina was destroyed by flames on Thursday afternoon, although Stanhope firemen managed to contain the blaze. The fire is thought to have been started by an

overheated electric motor in a refrigerator. Little was left to salvage once the flames had been extinguished.

Board says no to seatbelts on buses

Committee bases recommendation on problems pointed out in studies

School buses operating in Haliburton County will not get seatbelts in the immediate future, but the issue is not a closed one.

Sherborne et al trustee David Villard, who reported for the board's transportation committee at a meeting last Tuesday, said the committee decided "that there should not be belts in the large buses at this time. However, they would like to consider seat belts for vans and this is presently being investigated."

In a telephone interview later, Villard said that while he is "a strong supporter of seatbelts in any vehicle", information made available to the transportation committee indicated that belts are not practical in existing buses. Potential problems include misuse of the belts, and the chance that students could be unable to unfasten the belts and evacuate the bus in the event of an accident and subsequent fire.

As well, existing buses are not designed to take the load that would occur if belted students were restrained in a collision. So far, design

improvements have centred on padding seat backs to reduce injuries, Villard said, noting that even if lap belts were worn, students might still come into contact with the seat in front during a collision.

But Villard emphasized that "even though we have made the decision, I don't think that it's a dead issue." He said the committee will continue to seek out new information on the advantages and

disadvantages of seat belts in large buses.

As for the smaller, van type buses, the committee intends to give further consideration to the possibility of requiring seatbelts.

Ice cuts power, no accidents reported

Monday's ice storm did not produce a rash of fender benders in Haliburton County, but it did result in an electrical power interruption for consumers in the areas of Haliburton village, Cranberry Lake, Tory Hill, Wilberforce and Gooderham.

Electricity was cut at about 10 p.m. Monday night when something went wrong with a section of line between Haliburton and Tory Hill.

Ontario Hydro crews were able to direct power through other lines and had power restored to the Haliburton village area within 52 minutes. Power was restored to Tory Hill, Gooderham and Wilberforce about an hour later.

Everett McKnight, spokesman for Hydro's Minden District, said a helicopter was called in Tuesday morning to try to locate the problem on the Haliburton to Tory Hill line.

Other minor electrical problems were reported in the wake of the storm, and crews were carrying out

repairs on Tuesday.

Provincial, county and municipal road crews spread tons of sand and salt throughout the storm, keeping roads passable. Minden OPP report no accidents on Monday afternoon or evening despite the poor driving conditions.

Minden considers program

Residents of Minden are continuing to make plans for a Neighbourhood Watch program in the community. The program encourages people to assist police in crime prevention by noting unusual occurrences and passing information on to police, who can move

quickly to investigate.

At a meeting last Wednesday attended by approximately 40 people, Minden detachment commander Sgt. Bill Bailey, community services officer Constable Gary Chapman, and a district OPP representative

Pre Christmas Discounts a chance to shop locally

If you've been telling yourself you'll have to get started on Christmas shopping, but have been putting it off because there's plenty of time left, the merchants of Haliburton and area would like to remind you that as of this Wednesday there were only 21 shopping days left until the big day. That's right. Christmas will be here in a little more than three weeks.

But there's no need to panic. And there's certainly no need to plan a shopping trip to one of the cities, especially not with December's uncertain weather and the cost of fuel. There's a good chance you can find just the right gift for everyone on your list if you take the time to visit your local merchants.

And there'll never be a better time to shop locally than this Saturday, when retailers in Haliburton and the surrounding area

will once again offer big discounts on hundreds of items suitable for Christmas gift giving. It's the annual Pre Christmas Discount Day sale, and it's your chance to enjoy a little of that Christmas atmosphere and save money at the same time.

Included with this week's Echo you'll find a special 12 page section announcing Discount Day specials. Look over the advertisements carefully, get out a pencil and paper and make a shopping list, and make plans to be in Haliburton this Saturday.

When you shop locally you'll save money, time, gasoline and frustration. You'll also help to keep the community's economy strong. And that's good for everyone.

So don't forget to be a part of this year's Pre Christmas Discount Day. The sale gets underway at 9 a.m.

Hand made items, baked goods and fresh spaghetti enticed scores of people to a bazaar at St. Anthony's Church in Haliburton on Saturday. You could tell by

the smiles on the faces of the people who left clutching packages that there were plenty of bargains to be had.

Police news

General Occurrences

It was a very quiet week for personnel at Minden Detachment between November 21 and 27. There were seven motor vehicle accidents with no injuries, and only 27 general occurrences, including four break and enters and seven thefts.

Rollover

On Thursday, November 24 at 8:15 p.m., James Hurre, age 27, of Peterborough lost control of his 1970 Chevrolet on Mountain Street in Dysart Township. As the car descended a hill on a curve it skidded through a fence and was damaged \$4,000 when it rolled over. The driver was charged with careless driving.

Inquest

An inquest into the death last May of Wesley Samuel Crawford will be held this Friday, December 2, at the Municipal Building in Minden. Crawford died when a barn he was dismantling in Stanhope Township fell on him. The occurrence was deemed to be an industrial accident and as such, requires an inquest. Dr. Blair Pierce of Haliburton is the presiding Coroner.

This building at Kushog Lake Marina was completely gutted by fire on Thursday afternoon, despite the efforts of the Stanhope Township

fire department, which battled the blaze with water pumped from the nearby lake.

Glamorgan holds regular session for November

A regular meeting of the Glamorgan Township Council was held in Council Chambers on Wednesday, November 2, 1983 at 7:00 p.m.

Robert McCausland declared an interest in cheque no.'s 1132 and 1135, same being payable to his employer.

The following accounts were approved for payment: General Voucher in the amount of \$19,391.42, except cheque #1135 in the amount of \$325; Road Voucher in the amount of \$12,191.61; Welfare Payroll in the amount of \$2,224.93; and Recreation Committee Voucher of \$1,196.87. Cheque #1135 in the amount of \$325 was approved for payment.

Council accepted the Road and Waste Disposal Site Committee's recommendations as stated in resolutions 3, 4 and 5, dated November 1, 1983.

County Council advised that, while council is concerned about rising education costs, it is the opinion that elected municipal representatives do not have jurisdiction and council suggested that if County Council wished to act, a Committee be established at County level composed of County councillors and/or individual concerned ratepayers.

Council supported the resolution from the Regional Municipality of Durham requesting a delay in review of the implementation of proposals concerning unconditional grants.

The reeve and clerk were authorized to sign an agreement with the Haliburton Real Estate Board for the listing of properties acquired for taxes under file no.'s 80-1, 80-2, 80-8, 80-9, 82-3, and 82-5.

Stoughton Electric Limited was authorized to change the thermostats at the community centre.

Tenders were called for the supply of furnace oil at the Township garage and fire hall, closing at 5:00 p.m. on Tuesday, November 15.

Winter brochure out

Central Ontario Travel Association has published its first winter brochure. The pamphlet contains complete information on accommodations in the travel area offering winter packages.

"Winter tourism is increasing and COTA is out to get its share" said Al Campagnola, Executive Director. "Two years ago, there were 24 businesses besides the year-round hotels and motels, offering winter accommodations and recreational opportunities in the

travel area.

"Discover Winter in Central Ontario" lists 41 establishments and this number will probably increase next year, as owners recognize the potential and begin to prepare for winter business," Campagnola said.

Copies of the brochure may be obtained at the Chamber of Commerce, area municipal offices or by contacting COTA, 785 The Kingsway, Peterborough, Ont., K9J 6W7, Phone (705) 745-1321.

Minden council

At a meeting last Wednesday, Anson, Hindon and Minden council considered the following matters:

The following donation was approved for payment: Victoria Haliburton Lung Association, \$25.

In lieu of placing an ad in the annual KIN Magazine, a donation of \$75 will be made to the cystic fibrosis fund in care of the local Kinsmen Club.

The following accounts were approved for payment: General, \$89,567.98; Water, \$2,444.20; and Sewer, \$4,669.54.

Boundary Information Centre accounts were approved for payment in the amount of \$1,937.48.

Council accepted the quotation of John's Burner Ser-

vice to supply and install a furnace in the PWD in the amount of \$3,779.62.

The reeve and clerk were authorized to endorse the quit claim deed from the Estate of Lily Wilson for parts 4 and 5 Plan 19R-2951 for roads purposes.

Pat Burk and Dave Stevens were appointed to sit on the joint "Municipal Peace Time Emergency Plans" Committee with Lutterworth Township.

By-law 83-42, a by-law to close, stop up and convey a portion of the original shoreline allowance for road adjacent to Canning Lake in Lot 15, Concession 2 in the Township of Minden in the County of Haliburton, was passed.

Dysart et al council minutes

Dysart et al council held a regular meeting in the council chambers on Monday, November 21, 1983, commencing at 10:00 a.m. Members present were: Murray Fearrey, Gary McKnight, Sidney Cooper, Dorothy Baker, R. Glen Hodgson, Lloyd Leadbeater, and John Parish.

The following matters were dealt with:

General Accounts totalling \$70,425.06, Road Accounts totalling \$58,220.77, and Social Services totalling \$11,270.84 were approved for payment.

The Reeve and Clerk were authorized to sign deeds and documents with regard to property of the Township and C.R. Hodgson and Jean Hodgson exchange.

Council approved the COED - Ministry of Natural Resources Program (17-24 age group) for four people, tentative starting date November 28, 1983, brushing various locations with lake access points as a priority.

Council approved the Revised COED - Ministry of Natural Resources Program of four persons for 10 weeks beginning November 21, 1983, Algonquin Park boundary and related areas.

The tender of Les Schell for Sludge Pumping at the Haliburton Sewage Plant, in the amount of \$35 per 1,000 gallons was accepted for the balance of 1983-84. This acceptance is subject to either party opting out on 90 days notice.

Council concurred with the approval of the Ministry of Natural Resources regarding the placing of sand fill in front of Part Lot 28, Concession 4, Dysart (Haas Lake-Paradise) Sheila Elston provided Elston adheres to the conditions and restrictions imposed by the said Ministry.

The Reeve and Clerk were authorized to sign the agreement between the Municipality of Dysart and the Municipality of Snowdon regarding a Domiciliary

Hostel.

John Parish and Dorothy Baker have reviewed on site the requested Original Allowance Closure by Marshall Leighton being Part of Lot 4, Concession 10, Dudley (Drag Lake) and their recommendations to Council are that this be sold for \$1,800.

The Roads Committee will reply to the County of Haliburton reference proposed and future County Roads, as follows: delete 4.2 kms. at Haliburton Lake, north of Centre but assume the section from turn off at South Bay to the Centre; leave in the Kennaway 3.1 kms., delete Township road at Harcourt Park, but council wants the County to continue plowing; delete 13.5 kms. at Harcourt Park from gate in; North Kennis Drive including bridges to be left on for future assumption; assume Old Buckhorn from Haliburton Village limits to County

Road No. 3 (Buckhorn Road).

The Reeve and Clerk were authorized to sign an easement to Bell Canada over Hodgson Drive, Registered Plan 348, Harburn, further described as Part 2, Plan 19R2866.

Council concurred with the recommendations of the Ministry of Transportation and Communications reference repair to Gabion Wall (Highway 121 Connecting Link) in the vicinity of Lake-shore Marine and agree to proceed with the said repairs in the spring of 1984 when funding and property acquisition should be finalized.

The Reeve and Clerk were authorized to meet with Ryseo Engineering on the Kashagawigamog-Pinestone Sewage Extension in order to complete a revised application.

Write-off's in the amount of \$6,857.16 were approved. Dorothy Baker and John

Parish will review the Katimavik Work Schedule and performance to date and recommend to Council if additional applications for the 1984-85 year should be submitted.

An application for closure and purchase of part of the Original Allowance for Road between Con. XII and XIII, Lots 9 and 10, township of Guilford, by Leland Wight, was approved.

St. Anthony's Church was advised that the Municipality is prepared to provide maintenance service at St. Anthony's Cemetery, Haliburton, with staff from Evergreen Cemetery on an hourly rate, at the Municipality's cost.

The following holidays will be observed by the Municipality over the Christmas, New years period as per union agreement: afternoon of the 23rd (Friday), all of the

Forest Reserve presses appeal of assessment

For the third successive year, Haliburton Forest and Wildlife Reserve is appealing its property tax assessment.

The company successfully appealed its 1981 assessment and won a tax reduction of approximately \$30,000. But in 1982, the Assessment Review Court rejected the Wildlife Reserve's bid to have its valuation reduced.

A hearing on the 1983 appeal was to have been held this month, but has been rescheduled to February, according to Dysart et al clerk Wayne Wood.

Wood said other owners of large land holdings appealed their assessment last year, but have not quarreled with this year's taxation.

Haliburton Forest and Wildlife Reserve, located in Havelock Township, is owned by West German citizens.

Board approves policies on attendance, discipline

The Haliburton County Board of Education has adopted attendance and discipline policies for Haliburton Highlands Secondary School. The policies, presented to trustees by principal Dale Robinson at a meeting last Tuesday, spell out what is expected of students, and indicate how the school's administration will deal with attendance and discipline infractions.

Under the attendance policy, students missing 15 and a half days of school for any reason, including illness, will be required to write final examinations. Those who miss 25 days of school or 25 hours of class time in any one subject may be denied one or all of his or her credits for that year. Exceptions will be made to this regulation for students

who have 'certifiable long-term illnesses' during the school year. The discipline code spells out regulations that have been in effect in the school for a number of years. It covers such areas as smoking in unauthorized areas, abuse of automobiles and motorized vehicles, drugs, incomplete assignments, lateness to classes and school, class skipping, profane language and fighting, conduct in the halls, signing out, students' dress, littering, use of washrooms and vandalism.

In each case the action the administration will take is outlined in the policy.

Copies of the attendance and discipline regulations will be included with the school's course calendar.

HHSS gets word processors

In a bid to keep its secondary school business students abreast of the latest office machine technology, the Haliburton County Board of Education will buy 35 electronic typewriters and three word processors at a total cost of \$29,235.61.

Funds for the purchase will come from a surplus in the 1983 budget. Principal Dale Robinson and commercial department head Al Oakley attended a meeting of the board last Tuesday to explain the

Neighbourhood Watch

from page 1

tative, outlined the program and showed a film on the subject.

Minden's Rotary Club is sponsoring the program, and has appointed a steering committee for the purpose. Gord Monk is chairman of the committee.

Residents of the village will be contacted in the next few weeks to assist in getting the program underway.

need for the new machines.

Robinson said it is important for senior business students to become familiar with the equipment they will use once they leave school and enter the work force. He said some recent graduates have found themselves at a disadvantage in the job market because they had not had access to word processors while at HHSS. The addition of three word processors to compliment a similar machine purchased earlier would give the students an opportunity to acquire some word processing skills before they graduate, Robinson told the board.

Oakley said the electronic typewriters he wanted to purchase were less expensive and more reliable than the mechanical electric typewriters which have been in use at the school for several years, and which have reached the end of their useful life.

The machines are expected to be in use before the Christmas break.

Art Dawson explains aspects of a career in insurance to students who took part in a job fair at HHSS on Thursday. The fair featured some 30 careers,

represented by local business and professional people.

Students got a chance to look over some of the latest electronic office equipment during a job fair at HHSS last Thursday morning.

Board to share cost of radios

The Haliburton County Board of Education has agreed to share the cost of installing two way radios in some of the buses operated by Northernways Transit Ltd. of Haliburton.

The move was recommended by the board's transportation committee, which will work out details with Northernways owners and bring a final proposal back to the board for consideration. The proposal will spell out the type of radios to be purchased, cost sharing arrangements and which routes are to have radio equipped buses.

Director of Education Doug Hodgson spoke in favour of installing the radios, noting that on some of the routes, there are no houses

for several miles. If a bus broke down at one of those locations, the driver would face a serious dilemma, especially on frigid winter days.

He also noted that if the board refused to help fund the radios and a problem developed because a bus was out of communication, the board might be found negligent.

"I feel that in the interest of safety of our students", the radios should be installed, Hodgson told trustees last Tuesday.

The board's share of the radio system is expected to be about \$8,000, with subsequent maintenance to be the responsibility of the bus company.

Board asked to approve 35 new football helmets

The future of high school football in Haliburton rests in the hands of the Haliburton County Board of Education who must decide whether or not to fund the purchase of 35 new helmets at a cost of at least \$106 each.

Boys Physical Education department head Gary Brohman told the board last Tuesday that he could no longer field a team unless each player could wear the newest Bike and Riddell helmets, which are the only kind approved for amateur football players in the United States. The school presently has 18 of the new helmets, but 35 more are needed to accommodate a total of 53 players on Junior and Senior squads.

Principal Dale Robinson, who spoke in support of Brohman's request for the new helmets, said football is "very, very important to our school", providing a unifying spirit among the student body. He noted that the sport is "the key to success" for some students at the school, providing extra impetus for them to continue their studies and enabling them to get rid of aggression.

Robinson said the principal of North Hastings high school in

Bancroft, told him that dropping the football program there proved to be "the ruin of the school".

At present, Robinson said "we have boys with what we consider inadequate, unsafe equipment", and there is concern about the possibility of accidents, particularly neck injuries.

"We feel that to go on with boys football we need some new helmets", Robinson told the board. Brohman explained that the Bike and Riddell helmets are air filled, are heavier than the older style suspension helmets, and are used by the other schools Haliburton plays against in the Kawartha West league.

Trustees appeared to share concerns about the safety of students who play the sport at HHSS.

"This is news to me, that we have ill equipped kids playing football" trustee Cheryl Murdoch commented, adding that the board should decide whether to equip the teams properly or drop the sport altogether.

While no decision was made on the matter, the board urged Brohman to submit a request for the helmets with his department's 1984 budget requirements.

Haliburton youth to receive award at Kingston ceremony

Jeff Dawson of Haliburton is one of 71 young people from across Ontario who have been invited to meet the Lieutenant Governor at a special ceremony on Saturday, 26 November, at the City Hall, Kingston. The occasion is the presentation of the Duke of Edinburgh's Silver Awards.

The Duke of Edinburgh's Award, known as Canada's most prestigious Achievement Award for youth, is a challenge from Prince Philip to all Canadians between the ages of 14 and 25 to excel at leisure-time activities of Public Service, Journeys of Exploration, Skills or Hobbies and Fitness. There are three Awards to be earned - Bronze, for those over the age of 14; Silver, for those over 15; and Gold and those over 16. The "Award" itself consists of a lapel pin or brooch of the appropriate metal and an inscribed Certificate of Achievement.

More than 30,000 young Canadians are now participating in the Award Programme either as members of organized youth groups such as Guiding, Scouting, Cadets, or through Schools, and on an individual basis.

Included in the group to be presented to His Honour are 23 Air Cadets, eight army cadets, eight students from Appleby College, Oakville, seven students from Lakefield College School, Lakefield, including Jeff Dawson, 14 girl guide Rangers, three members of Scouting's Venturer and Rover sections, two independent participants, three sea cadets, and three Ashbury College, Ottawa, students.

Also invited to attend are parents, leaders, representatives of National Youth Organizations and members of the National and Ontario Councils, The Duke of Edinburgh's Award in Canada.

Extendicare gets prevention award

Extendicare/Haliburton Nursing Home has received the Ontario Hospital Association's Accident Prevention Achievement Award the year ending December 31, 1982.

The award is presented by the Association's Hospital Occupation Health and Safety Services to the health care facilities with the lowest frequency of lost time injuries among its staff.

This is Extendicare/Haliburton Nursing Home's second award; they previously received the award in 1981.

"Hospitals, nursing homes and homes for the aged are classified in eight different categories, based on

firm type and hours worked annually. Awards are presented each year to those facilities in the province with the best safety records", said Doug Callan, Assistant Executive Director, Ontario Hospital Association, HOHSS.

"Of the 181 hospitals, 82 nursing homes and 33 homes for the aged in Ontario participating, 29 have earned the award this year. All health care facilities in the province are eligible to receive the award," Callan said.

Chairman of the Board of Directors of the nursing home, H. Michael Burns congratulated the nursing home's staff on earning the Award.

Ministry of
Tourism and
Recreation

The Ministry of Tourism and Recreation is pleased to announce the appointment of Herb Curnow as site manager for the Ontario Camp Leadership Centre, Bark Lake. Mr. Curnow succeeds Dallyn Pickens and Leon Wright, both previous site managers and now retired.

Mr. Curnow has many years of experience in public accommodation and administration. He joined the public service in 1968 with the Department of Lands and Forests. In 1975 he was appointed administrative superintendent with the Ministry of Natural Resources, The Leslie M. Frost Centre, Dorset, Ontario, a position he has held until his present appointment.

Prior to joining the public service Mr. Curnow was proprietor and operator of a hotel in Northern Ontario for 11 years.

Herb and his wife Vivian have five children. One daughter, Kelly is still at home. The Curnows plan on moving to Gooderham in December.

County councillors and others fond of carping about the cost of education in Haliburton County should take note of a decision the board made at a meeting last Tuesday, for it is but one indication of why education is an ever-rising but always necessary expense.

On the recommendation of educators, the board agreed to purchase three word processing machines, and replace existing electric typewriters with 35 electronic models. Total cost of the purchases, which will come out of the 1983 budget, is approximately \$29,000.

The sum is, of course, a pittance in the board's multi million dollar budget. But there is no doubt such purchases contribute to the size of education taxes. So why did the board spend the money? Could it not have scored more political points, appeared more cautious and frugal, if it had said, as some municipal politicians might have, that word processors are a luxury item and that the old electric typewriters might have been kept going for another year or two with bubble gum and bailing wire? Yes, it could have. And those who take a narrow minded view of education costs would have been pleased. But if you accept that students in Haliburton County have as much right to a sound education as students in other areas, then you will accept the board's decision to purchase the machines as the only reasonable and proper action to take.

As principal Dale Robinson explained to the board, senior business students are at a definite disadvantage in today's job market if they have not had some experience on word processors.

Parents demand that their youngsters get the kind of education that suits them to take a useful and productive place in society. They want their children to be able to compete on even terms with students from other parts of Ontario. To many people, that is the test of the school system's effectiveness, and even of its relevance.

Seen in that context, as it must be, the board's decision is unquestionably the right one, no matter what the self-styled municipal penny pinchers may say.

Career Week

Students at Haliburton Highlands Secondary School spent much of last week finding out about some of the career opportunities that await them. Through classroom sessions, a university presentation in Lindsay, lunch time programs, panel discussions, a job fair involving some 30 local business and professional people, and other activities, senior students as well as those in junior grades were exposed to a bewildering range

Viewpoint

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 5

Pic of the Past

Our thanks go out this week to Mrs. M. Wood of 265 Wilson Rd. S., Oshawa, Ontario for

submitting this most interesting photo showing the logs at Hunter's Sawmill at Gooderham, Ontario in the year 1940. Note the old Hunter home in the background. The lumbering business was the number one industry in Haliburton County at that time.

From the Chamber

Christmas is coming up fast with just about three weeks to go. Everyone is scrambling around to either start or finish their Christmas shopping and one of the most often heard comments around the county is "I've just got to get some time to go to Lindsay (or Peterborough) to get my shopping done."

Stop for one moment and think about this. It is difficult for a number of people to limit their Christmas budget to \$100. We have over 11,000 residents in the county, 100 x 11,000 = \$1,100,000 with a good portion going into the cash registers of merchants outside our county. Add in the gas they buy while there, money spent for lunch, the time spent driving and figure out for yourself to whose advantage this is.

At the Small Business Development Seminar last week, those in attendance learned a lot about where the weaknesses are in small business in general with specific references to our area. Did you know that out of every 100 customers you lose, 14% are lost because of unresolved complaints. Take a good look at how you or your staff handle your customers' problems. We have all heard some outrageous complaints but somewhere in every one of them is a valid point. Try to find out what the real problem is. Make the customer feel that you really are concerned and will do what any reasonable merchant can to resolve the problem. Offer to meet them half-way at the very least. Keep them happy and keep them coming back.

It was also pointed out that 61% are lost because of employee indifference. The employee couldn't or wouldn't answer questions about the services you offer, local attractions, etc. Their service and attitude turned the customer off. Don't blame your employees because there is no such thing as a poor employee. It can only be blamed on poor management. Canadian business loses 25% of its efficiency because of a lack of employee motivation. How do you motivate your employees? Fire the bad ones, pay the good ones, more, give them responsibilities, offer bonuses,

have contests for the best employee of the week, month or season. Treat them with respect. Your employees are the greatest single asset to your business.

Remember, a satisfied customer refers three people to you but a dissatisfied customer tells 10 people about you. Word of mouth is one of the best forms of advertising but only if it is positive.

Feedback from a number of people in attendance at the Small Business Management Development Seminar indicates that many business people in the county would like to attend specific seminars dealing with a number of topics. If you couldn't make it last week but are interested in learning about how to manage your business more effectively, call the Chamber office and let us know. (286-1760) We hope that in the coming year we will be able to run more seminars. An old Danish proverb says that "He who is afraid to ask is ashamed of learning."

One other subject that arose at the meeting was co-operative advertising and the benefits to the individual businesses. This could consist of two or more stores or services, one united village or a geographical area as a whole. This is a prime example of why membership in associations like the Chamber of Commerce is a must for everyone in business. There is "strength in numbers" or as a wise person once said, "Snowflakes are one of nature's most fragile things but just look at what they can do when they stick together."

Coming Events

This weekend starting on Friday night at the Dysart arena there will be a Bantam hockey tournament. The championship games will be played on Sunday.

The Haliburton Highlands Guild of Fine Arts Christmas Exhibition and Sale of Arts and Crafts is being held at the Raily End Gallery in Haliburton until December 17. Gallery hours are Tuesday to Saturday 11 a.m. to 5 p.m., Fridays 11 a.m. to 8 p.m. and Sundays 1 to 4 p.m.

Queen's Park Report

John Eakins, M.P.P.

Spending Rules Broken

The Provincial Auditor, appearing before the Legislature's Public Accounts Committee, charged that the Ministry of Government Services has spent hundreds of thousands of dollars during the past three years without following the instructions of Cabinet or obtaining the necessary approval of the Management Board. He stated that the Ministry had spent \$617,000 since fiscal 1981-82 on the development of a computerized telephone data base, Telepac, without preparing a feasibility study or obtaining Board approval as required by the Ontario Manual of Administration. In addition, the Ministry awarded \$81,300 in untendered contracts for a manpower planning program to Allan W. Foster and Associates without obtaining the Board's approval for an exemption from the tendering process. The Committee passed a motion asking the Deputy Minister of the Department to appear before the committee to answer questions on the contracts. It's been suggested that the former Minister was dumped from the portfolio because of a dispute with the Deputy Minister, Patrick Reid, Liberal Chairman of the Committee, said "We're still not able to hold anyone accountable...It looks to me like the Minister got dumped for one reason or another, and the person responsible goes sailing

along." The Opposition have also called for an investigation into a \$50,000 contract awarded without tender by the Deputy Minister to food vendor Joe Dinely.

Minimum Wage

Ontario's \$3.50 minimum wage will increase to \$3.85 next March and to \$4 an hour in October, according to the Minister of Labour, Hon. Russ Ramsay. This is the first increase in the minimum wage since October 1981, and will affect about 200,000 Ontario workers, most of them women. The Minister said "there was a real temptation to come up with a higher figure" but the Government also had to consider the present high rates of unemployment. He felt that the increase represented a reasonable balance between the need to assist the minimum wage earners in keeping pace with the cost of living and the equally urgent need to maintain employment opportunities by ensuring that increases in the minimum do not have a detrimental effect on employment levels. There are variations in the minimum for different types of work. Waiters and waitresses who serve liquor go from \$3 to \$3.50, students under 18 from \$2.65 to \$3.15, apprentices from \$3.40 to \$3.90, construction workers from \$3.75 to \$4.25, and domestics from \$3 to \$3.50.

Report from Parliament

By Bill Scott M.P.

On November 21, the Victoria-Haliburton P.C. Association was pleased to be addressed by Pat Nowlan, M.P. Pat's lively comments were both interesting and amusing.

The week of November 27 - December 3 has been designated as a week to remember crime prevention. It is the first National Crime Prevention Week in Canada. You will hear a lot this week designed to arouse your awareness of what you can do to assist police in crime prevention. As well, the Canadian Chamber of Commerce and the Retail Council of Canada are conducting a national anti-shoplifting campaign to alert people to the consequences of this crime. As stated by the Solicitor General, Robert Kaplan, the Honorary Chairman of Canadians for Crime Prevention, "A key ingredient for the success of

this week is the active participation of a wide range of individuals. Organizations, institutions, federal, provincial and municipal leaders, school officials, police and other criminal justice professionals, as well as members of business, labour, community, youth, service and women's organizations will all be encouraged to become partners in preventing crime."

The week of December 1 - 7 is Canada Safety Council's 28th annual National Safe Driving Week. Last year, during that week, the number of traffic fatalities declined to 68 from an average of 105. Let us hope that we can do better this time.

I urge you to take heed of the messages of both these weeks, "Partners in Preventing Crime" and "None for the Road". Crime Prevention and Safety should be of interest to all.

More letters to the Editor

from page 4

Except perhaps to pray that someday a miracle will occur, and heads of state will sit down together and talk. Not about who has more weapons than whom. Not about who is at fault when talks do not progress. Not about who will dismantle the first weapon. But about peace, and people, and truth, and life, and love.

Sounds like heaven to me.

Virginia Muenzel

To The Editor:

As former students at the Haliburton Highlands Secondary School we were looking forward to a reunion of those who attended or taught at HHSS after principal Dale Robinson replied to our inquiries of 1982 about holding such an event. We had looked forward to becoming involved but were not called upon despite our offers to assist. It was not until a chance meeting with Stephanie Pritchard Wells this summer that we even knew there was to be a reunion. We are disappointed a greater effort was not made to contact former students.

In talking with five other graduates of HHSS, all living outside of Haliburton County, we discovered that no one had received any information about the reunion. Four of these people still have families in the county so they could have been reached through the mail. Organizers could have used 'Have Your Say' in the Sunday Star; the readily available and free coming events on coast to coast radio and television services. The (one) coming event classified placed in some weekly newspapers could have been published in early spring or summer to allow more of us to plan to attend - instead of at the last minute.

We had also looked forward to receiving the two county newspapers prior to and following September 16-17. Again we were disappointed. Why

was coverage so limited? Where did people come from to attend? What are some of these people doing now? Who were the former students (?) or teachers (?) photographed? Why were so many photos, particularly in the 'souvenir' section, not identified? Getting names and other 'important' information takes extra time - but it also makes a newspaper more interesting and sells more papers. Even a look at the registration book could have given a reporter valuable information.

To both of us the years since HHSS have gone by quickly. We are interested in fellow classmates and instructors. The next five and 10 years will also pass in a hurry. Could dates be established now for a reunion then? We know the 400 who attended this year's event could be increased to two, three, even four times that number.

We are glad a reunion was held and hope that these observations will help organizers in the future.

Sincerely,

Bonnie Stinson Hollday

Two Minden Atom players head down the ice on a breakaway during consolation round action of a one

day tournament in Minden on Saturday. The boys played hard, but were unable to advance to the final.

Visiting teams win Atom tournament

Teams from Peterborough and Bracebridge were the winners of a one day Atom hockey tournament in Minden on Saturday.

In the opening round, Minden and Haliburton tied 3-3, with Minden declared the winners because they scored the first goal; Bracebridge took the All Saints 5-2, Mark Street defeated Bowmanville 6-3, and the Oshawa Bruins got a bye when Humphrey could not take part.

On the consolation side, All Saints took Haliburton 4-2 and Bowmanville defeated Minden 5-1. In the consolation final, the All Saints squad shut out Bowmanville 5-0.

On the championship side, Oshawa defeated Minden 3-1, Bracebridge took Mark Street 4-1, and in the final, Bracebridge overwhelmed

Oshawa 9-0.

Bracebridge was awarded the Larry Reynolds Memorial trophy, donated by Mervin and Lois Barry.

The Oshawa Bruins received the Bernard Trumbull trophy.

Consolation winners, the All Saints from Peterborough, were presented with the Sid Stamp Fuels trophy.

Bowmanville, who were consolation runners up, won the Frontier Motors trophy donated by Charlie Muli.

Minden minor hockey donated pucks to the winning teams and buttons to the runner-up teams.

LKTA tournament starts Saturday, finishes Sunday

The Lake Kashagamiog Bantam Tournament, the first of three co-sponsored by the Lake Kashagamiog Tourist Association (LKTA) and Haliburton Minor Hockey, begins this Saturday at 8:00 a.m. at Dysart arena. This year the Bantams will have eight teams competing for either a Championship or Consolation Championship trophy plus a Grand Championship contest between the two winners. All three tournaments traditionally see 16 teams entered in the competition but organizers changed the format for the Bantams when it appeared all available places would not be filled.

The Pee Wee Tournament coming up January 6, 7, and 8 and the Atom Tournament January 20, 21, and 22 are still being planned as 16 teams events, although organizers say openings still exist in both events.

Starting off the action this Saturday is Newmarket and Oshawa followed by a contest between Willowdale and hometown Haliburton. Georgetown meets Huntsville at 10:40 a.m. and the Minden Bantams will be here at noon to face Thornhill. The teams all play a second game during the afternoon, win or lose, and the Championship games take place on Sunday at 9:00 a.m., 10:30 a.m., and 12:30 p.m.

Tournaments have always been one of the most exciting aspects of Minor Hockey and interest is still very high in tournaments held here.

Tournament officials note however that experimenting with a change in dates and age groups last year affected

Please turn to Page 14

There was plenty of action at the Minden arena on Saturday during a one day Atom hockey tournament that featured teams from Minden, Haliburton and several other communities.

Peewees beat Bracebridge

Team edged out by Huntsville in best game of season

The Haliburton OMHA Pee Wees played two exciting games last week, losing a squeaker to Huntsville by a 4-3 score and defeating Bracebridge in a real thriller, 2-1.

In the Huntsville game, the local boys played their best game of the season, and, but for some bad luck, could have defeated the strong squad from Huntsville. Haliburton held the lead three times, only to have Huntsville come back each

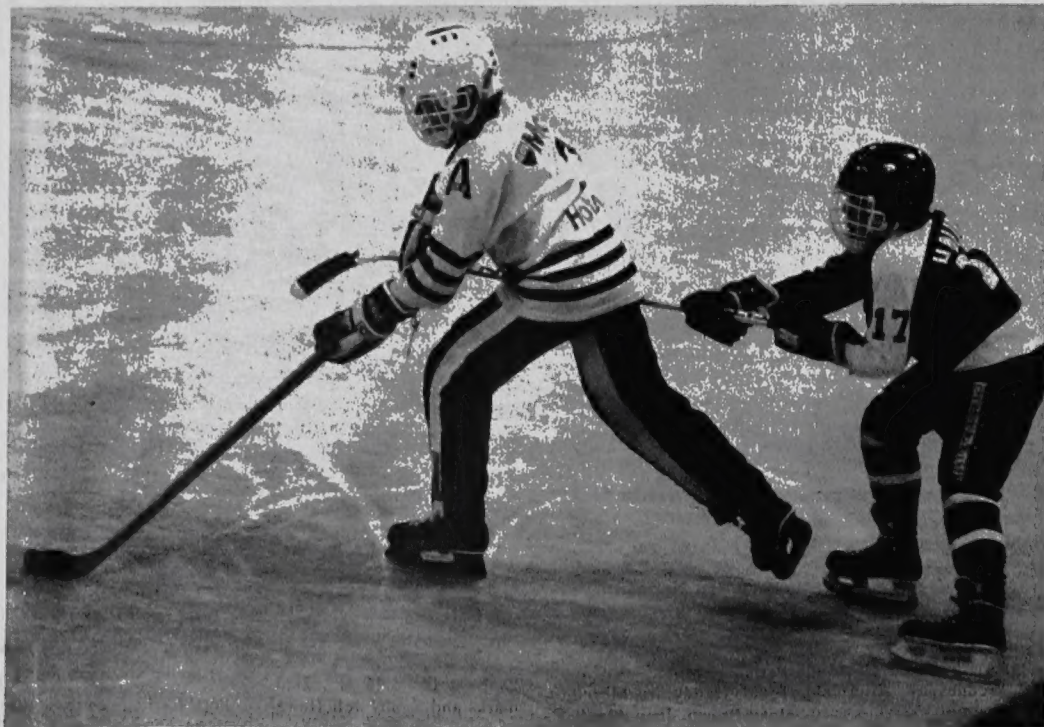

time and tie the score and eventually score the winner with less than three minutes remaining in the contest. The scoring for Haliburton was as follows: John Vuksic assisted; Jeff Francis from Vuksic and Jason Smith; and Kelly Youngdale from Philip Johnston. Gavin McKnight played a strong game in the net for Haliburton.

The boys travelled to Bracebridge on Thursday and continued their strong play and came away winners by a 2-1 score. Goaltender Gavin McKnight was the big star in this game, turning aside the Bracebridge forwards continually until the

local boys could find their shooting eye.

John Vuksic, who is fast developing into the team's top scorer, tallied the first goal for Haliburton, while Kelly Youngdale scored the winner, seconds after being stopped by the Bracebridge goaltender on a penalty shot. Jeff Francis assisted on Youngdale's marker. This win was a total team effort and the boys are to be congratulated on this big win against the fast skating squad from Bracebridge.

Try to get out any Tuesday night and take in some exciting Pee Wee hockey.

When your opponent has a breakaway, it sometimes calls for desperate measures that you hope the referee doesn't notice, such as this hook that a

Haliburton Atom player resorted to in the heat of a consolation round game in Minden on Saturday.

Huskies lose 9-2, win 7-5

Parry Sound dominated Saturday, Essa falls Sunday

By BRYAN ABBES

Haliburton Huskies entertained Parry Sound on Saturday night and were soundly trounced 9-2 by the Shamrocks.

The Huskies were never in this game although it was 2-1 at the end of the first and Haliburton tied it 2-2 at the three minute mark of the second.

Huskies opened the scoring at 11:56 of the first when Bernie Upton connected on passes from Dave Nicholls and Boomer Stamp. Parry Sound scored at 15:49 and again at 19:28 to take a 2-1 lead.

At 3:44 of the second Huskies tied things at two when Jeff Smith scored on passes from Mike MacNaull and Rob Abbs. This was to be all the scoring for the Huskies. Parry Sound rammed home four in the second and three in the third to win going away.

This was a clean, well played game with only five minors to each side.

Huskies had better luck in Essa on Sunday night as they put on the Nicholls and Mitchell show and downed the home team by a 7-5 score. Nicholls scored once and assisted on six others while Kelly Mitchell had three goals and four assists. The injury riddled Huskies

came up big for this one in spite of Essa's aggressive play.

Nicholls opened the scoring at 3:48 of the first with Newell and Mitchell assisting. Then Upton scored from Nicholls and Mitchell at 6:00. Essa came back at 12:48 to make it 2-1 for the

Huskies going into the second.

Essa tied the game at two at 2:17 of the second and took the lead at 5:45. Mitchell counted from Nicholls and Bishop at 7:09 and the Huskies went ahead at the 14 minute mark as Mitchell

Atom results

from page 6

Minden's first game against Haliburton was as follows:

First period: 0:19 - Rob Ackerblade scored from Jarette Gentle. 3:50 - Rob Ackerblade scored from Jamie Walker. 6:24 - Chad Bain tallied from Chris Greenfield for Haliburton. 9:43 - Wade Wood scored unassisted to tie the score for Haliburton.

Second period: 3:42 - Rob Ackerblade put Minden ahead unassisted. 7:18 - Chris Greenfield tied it from Russell Morrison.

Third period: There was no scoring and Minden won by scoring the first goal of the game.

Minden's second game against Oshawa Bruins was as follows:

First period: Oshawa scored once.

Second period: Rob Ackerblade tallied from David Lee, Oshawa scored again to take a 2-1 lead.

Third period: Oshawa scored one goal to cap a 3-1 win.

Minden's third game was against Bowmanville.

First period: Bowmanville scored two goals.

Second period: 0:11 - Rob Ackerblade scored from Philip Boyle. Bowmanville scored twice more.

Third period: Bowmanville scored one goal.

Haliburton's second game was against All Saints from Peterborough.

First period: Chad Bain scored from Wade Wood.

Second period: All Saints scored one goal.

Third period: All Saints scored three goals. Wade Wood got one from Chris Greenfield.

Minden Juveniles played in Minden Friday, November 25 against Bracebridge. Final score was Bracebridge 16, Minden 0.

Minden was playing without the help of three regular defencemen and their regular coach, Carl Hie. The three players had received game misconducts in the Huntsville game on Sunday November 20. The team also had received too many minutes in penalties so the coach was out for the next game. There are no scoring results as the scoresheet was not handed in.

Note to all minor hockey players: If you want your game results printed in the newspapers remind your coaches to hand in the game sheets or at least call in the results.

Upcoming Games:

Friday, December 2, 8:00 p.m. Mactier Juveniles at Minden. Saturday, December 3, 1:30 p.m. Haliburton Atoms at Minden. 2:30 p.m. Port Carling Pee Wees at Minden. 4:00 p.m. Mactier Bantams at Minden. Note, the game will be played as part of Haliburton's Bantam tournament. The Midget team is going to a tournament in Ennismore.

Eagles lead bowling league

By JOAN ALGER

The Eagles have won the first series with 38 points in the Wednesday Afternoon Bird League.

Those bowling over 200 were Muriel Peters, Harry Henderson, Doris Grant, Joan Alger, Jim Grant, Mima Burwood, Ev Stata, Ev Perrin, Kay Barry and Wilbert Gibbs.

On November 16, the se-

cond series began. Those bowling over 200 were Laura Gagan, Jim Grant, Norma Parish, Mima Burwood, Freida Handy, Iris Meredith, Joan Brown, Joan Alger, Ev Stata, Norma Hodgson, Wilbert Gibbs, Harry Henderson and Ev Perrin.

Harry Henderson still leads in High Triple Flat - 736, High Single Flat - 328, High Single Flat with handicap - 351.

Haliburton's OMHA Atoms did their best but were unable to come up with a win during a tournament in Minden on Saturday. The tournament provided some

exciting hockey for fans who turned out to support the local teams.

Midgets win two tough games

Last week, Haliburton's OMHA Midgets were in two tight games and in both, the boys dug in and came up winners.

Tuesday at the Haliburton arena, they faced Lindsay in the first of home and home exhibition series. Fans were treated to a hard, fast, end to end game.

Goalie, Vince Duchene put in two periods of shut-out hockey, while Haliburton built a two goal lead, Tran LaRue, scoring at the 14:02 mark of the first period from a set-up by Mike MacNaull and Cory McKnight; and Cory McKnight scoring unassisted at 13:24 of the second period.

The third period saw a determined Lindsay attack and great end to end rushes. Duchene kept the door shut until the 6:20 mark, and at 5:45 Tran LaRue replied from Andy Miller and Mike MacNaull.

Lindsay tied the score with goals at the 3:44 and 2:23 marks and finally Jeff Howe netted the winner with 58 seconds left, the assist going to Tran LaRue and Mike MacNaull. Final score was Haliburton 4, Lindsay 3.

Thursday night the local boys were in Bracebridge, for what proved to be a

penalty studded affair.

Andrew Burk handled the hot rubber in net. Haliburton opened the scoring at 13:15 as Jeff Howe fired home an unassisted goal, followed by a scoring shot by Mike MacNaull from Jeff Howe. Bracebridge scored two quickies at 3:54 and 3:40.

The second period was a draw as each team scored once. Bracebridge connected at 13:41 and at 2:00 minutes, Ian Cooper scored from Paul Kuno and Mike MacNaull.

Atoms host Port Carling, then play in tournament

Haliburton's OMHA Atoms had a busy weekend, as they were at home Friday night for a regular season match against Port Carling, then travelled to Minden for two games in a one day tournament on Saturday.

The local boys played strongly on Friday night, sending the visiting team down to defeat.

Port Carling got off the mark first, but Haliburton came back to tie the score at one as Derek Wilson tallied with help from Greg Stamp and Greg Brohman.

Haliburton moved in front in the second period, as Derek Wilson got his second,

aided by Greg Stamp, and then Stamp scored with help

from Brohman and Wilson. Please turn to Page 10

Howe.

Final score was Haliburton 7, Bracebridge 5.

Parents, fill the tank; kids, sharpen the skates. The team is busy again. Tuesday, November 29, Humphrey at Haliburton, 8:30; Thursday, December 1, Funny Rules at Bracebridge, 8:00; Saturday, December 3, Ennismore Tournament first game, 11:30; Tuesday, December 6, Huntsville at Haliburton, 8:30.

Huskies beat Essa 7-5 on Sunday

from page 6

connected from Nicholls.

The third saw Upton score his second from Nicholls and Mitchell at 2:41 and at 4:53 the same trio, Upton from Nicholls and Mitchell, made it 6-3.

Essa came back at 9:25 and 10:20 to narrow the gap to 6-5 but Mitchell iced the game for the Huskies at

19:31 on passes from Nicholls and Upton.

Several penalties were called to both sides with Essa picking up the majority of them.

Huskies travel to Huntsville for a game on Tuesday night at 8 p.m. and on Sunday, December 4 it's Gravenhurst here for a 2 p.m. game.

Family

Senior League

By BERT HARRISON

Well readers, hunting season is over for another year; that is, for chasing four legged deer. As for the other kind, it lasts all year. They brought Mrs. Shuyler from hospital and Alfred Richardson too. The doctors advised Alfred to stop smoking which he is willing to do.

A bouquet to the cleaners who keep this home so clean. They give extra for good measure. They work away day after day as if it were a pleasure. And bouquets also to the ones who wash our dirty clothes, like shirts, socks and pants, whether it be for sons, mothers or aunts. The nurses who look after us, they are really grand; they come to check your heart beat and maybe hold your hand. So all in all we are truly blessed and well looked after here at Hyland Crest.

It is so nice to have Arnie back again after an absence of a fortnight. When Arnie isn't here the office doesn't seem just Wright.

We watched three movies Monday night, "The Acceptable Artie", "Mary of Mile Lake Two", and "The American Flamingos" which was a most interesting sight.

Rev. John Smith from Haliburton Baptist Church conducted a very interesting service in the chapel on Tuesday. Fred Ballard came, the organ to play. Fred is walking rather slow; he has the gout in his big toe.

Caravan Clothes came here Tuesday morning and set up in the gym, racks of lovely clothes for her, shirts, socks and pants for him. To have this store brought to you is really nice, you just choose what you want, providing you have the price.

Tuesday night Fred Ballard came. Fine music he did play on the electric organ that was brought in here by the way.

Edith Welch had a birthday on Monday and she was truly blessed. Her son Ron and wife Pat came all the way from Frankfort to have a birthday dinner with his mother and aunt Carrie here at Hyland Crest. That is not all; Edith won the game they played called bucket ball.

The ladies in the craft

room are always working. We don't know all they are doing, but their jobs they are never shirking. We have a new helper in our kitchen, dining room and her name is Janet. She is fitting in really well, we don't know who did plan it.

The tea party was served this Thursday by members of Minden Gospel Church. A different group comes in each week, so we are never left in the lurch. The party this week we should all remember, a birthday party for those who had birthdays in November: Edith Welch, Ada Allcorn, Jessie Walter, Thern Corby, and Ena Dart. They all sat around the table looking really smart, in fact we thought they looked just fine. They served a lovely birthday cake, made by Ruth MacBrien. After serving this lovely lunch of which we all partook, they played and we sang some good old hymns from our song book.

Thursday night Murray King of the Kinsmen club, and Larry Amyotte came and called the bingo numbers. Some players won quite a lot.

Friday we had a Health Nurse come in to check the residents' teeth. You know, they say you can tell a horse's age by looking at their teeth, I wonder if this is so of humans too.

In the afternoon Grace and Norma came to lead us in a sing song and really entertain. Grace usually reads some interesting poems and sings so nicely too. If they ever stop coming I don't know what we would do.

We had a wine and cheese party here on Friday night, an annual gift from the residents of Hyland Crest for all the staff and auxiliary members. We thought the Fenelon Gals were coming to entertain but they couldn't come, so a quartette of high school students took over and really, made things hum. They entertained us royally. We didn't stay all night. We left early in case we would get tight. We had a good crowd and we must confess the wine and cheese party was a real success.

Good, better, best. Never let it rest 'til your good is better and your better best.

Mimi Carson and Eva Elson were busy making cedar garlands during a workshop at the Rails' End Gallery on Friday.

UCW members hold event

By WILMA TAMBLYN

On November 8 and 9, 1983, 111 United Church Women of the Bay of Quinte Conference met at Fenelon Falls United Church for their fifth annual mid-week event.

The theme was "Our Church: moving into the 21st century - How do we as Christians relate to those of other faiths or religions in the world?" The theme speaker was Dr. Robert McClure, former moderator of the United Church of Canada. In addressing his remarks to the question, Dr. McClure drew upon his experiences as a medical missionary in Asia. He stressed that we are all living in a nationalistic, militant, shrinking world.

McClure said we in Canada can profit by mutual

co-operation with those of other faiths and religions. We should try to bring about improvement in society both in Canada and elsewhere by training young people and by giving them more trust and responsibility, he said.

In conclusion, Dr. McClure emphasized that Christians, along with other global citizens, should strive to conserve what is worthwhile in society and make sure our contribution is worthy of Christianity's presence in the world.

The dean, Mrs. Joan Chalovich chaired the event

which included group singing, worship sessions, skits with messages and humour, refreshments, in addition to a display of books and other items from Canec.

Next year's dean, Mrs. Irene Tennant, thanked Joan Chalovich and all others who participated in the event.

A communion service conducted by Rev. Peter Twaddle of Fenelon Falls United Church, assisted by Mrs. Marion Brown, Conference Chairman, and Mrs. B.J. Klassen, Conference officer, closed the event.

Board of Education minutes

The regular meeting of the Haliburton County Board of Education was held in the Board Office on Tuesday, November 22, 1983, commencing at 8:00 p.m. Present were: Nancy Stinson, Chairman of the Board, Bonnie Lee Berry, Kelly Crick, LeRoy Eager, Julie Hunter, Linda Mumford, Cheryl Murdoch, Leonard Salvatori, Brian Sisson, George Simmons, David Villard, Paul Wilson, J. Douglas Hodgson, Stanley Baker.

Also present were: Gary Brohman, Sharon Chatfield, Alan Oakley, Dale Robinson, Leonard Pizzev.

Absent were: Ross Anderson, Dorothy Kinsman, Dr. Blair Pierce.

The meeting began with Sharon Chatfield of the Haliburton Highlands Senior Elementary School giving an account of her attendance at the conference for the gifted held in Connecticut last summer. There were about 300 delegates in attendance and approximately 100 presenters. She was very impressed with the comments of Dr. Renzouli. One idea he stressed was the fact he feels 15-20% of the student population should be selected in order that truly gifted children are not overlooked. The Ministry of Education has that figure at from 2-5%. Mrs. Chatfield also outlined what she is presently doing at the Senior Elementary School.

The Board approved the minutes of the last meeting of October 25, 1983.

The Board approved the replacing of damaged bricks and adding metal soffit vents in certain locations at the Senior Elementary School to ensure a positive air flow in the cavity at an estimated cost of \$13,000 to \$15,000. Repairs are to be made by M. Sullivan and Sons Limited in the month of July, 1984.

The Board accepted with regret the resignation of Dr. Blair Pierce (effective December, 1983).

The Board appointed a committee consisting of the Dysart Trustees to appoint a replacement for Dr. Blair Pierce, to complete the term.

David Villard reported on the meeting of the Transportation Committee, held on October 27, 1983. The committee recommended to the Board that there should not be seat belts in the large buses at this time. However, they would like to consider seat belts for vans and this is presently being investigated. The committee did not wish to recommend the use of students for bus patrollers. The following resolutions were passed as a result of the committee's recommendations.

The Haliburton Board of Education agreed that the transfer of the bus students at the junction of the Ingoldsby Road and Highway 121 be made the original way with both buses on Highway 121, with lights flashing.

The Board agreed that Northernways Transit Limited install a radio system in buses and also agreed that the Transportation Committee examine the logistics of installing radios in selected buses.

The Haliburton County Board of Education will allow the Haliburton School of Fine Arts the use of Rooms 6, 7 and 9 in addition to the rooms traditionally used at the high school for the summer of 1984, provided the details are acceptable to Mr. Robinson.

The Board approved the purchase of 35 typewriters and three word processors at a total cost of \$29,235.61, as recommended by Al Oakley.

The attendance policy and the objectives of the Haliburton Highlands Secondary

School were approved.

The Board approved the discipline code for the Haliburton Highlands Secondary School as submitted by Mr. Robinson.

The Board decided that it will now adjourn regular meetings at 11:30 p.m. and reschedule a second meeting if necessary to complete unfinished business within two weeks of the regular monthly meeting.

Gary Brohman of the Haliburton Highlands Secondary School was in attendance to discuss his philosophy on physical education and sports. There was also some discussion regarding budgeting for these activities.

Expenditures for the month of October, 1983 in the amount of \$640,581.86 were approved.

The following tenders were received for the delivery of fuel oil at the schools in the County: Shell Canada Limited, no tender received; Imperial Oil Limited, \$0.2560 per litre; Gulf Oil Limited, \$0.2800; Texaco Canada Inc., \$0.2677. (All prices tendered were firm for one year).

The fuel oil tender submitted by Esso Petroleum Canada for the calendar year 1984 was accepted by the Board at a rate of \$0.2560 per litre.

The Haliburton County Board of Education approved the textbook lists for the schools in the County, these texts to be used in the schools for the 1983-84 school year.

At the conclusion of the meeting the Director of Education and the Business Administrator were excused and the members had a short discussion concerning their plans for the selection of a new Director.

The next meeting will be held on December 6, 1983.

West Guilford stages St. Andrew's night

Scottish music, dancing performed

The second annual St. Andrew's Day concert drew a large and appreciative audience to the West Guilford community centre on Friday night. Sid Cooper acted as Master of Ceremonies for the evening, which included traditional Scottish music, dancing and singing.

Taking part in the performance were piper Earl Cooper, the Junior Highland Dancers under the direction of Faith Stephenson, Sherry and Andy Nelsons, Margaret and Susan Milne, the Scottish Country Dancers under the leadership of Don Clarke, the Guild Choir, directed by Marilyn Stouffer, the Senior Highland Dancers, and the Gospel Choir under the direction of Rev. John Phillips.

A total of \$101 was raised in support of St. Andrew's Church in West Guilford, and as the pictures show, a good time was had by all.

Faith Stephenson performed a traditional Highland dance for an appreciative audience at West Guilford's St. Andrew's Day concert Friday evening.

These three young Highland dancers were participants in the St. Andrew's Day concert in West Guilford on Friday. A large crowd was on hand to take

in the event, which raised \$101 for the community's church.

Members of the Guild Choir, under the direction of Marilyn Stouffer, filled the West Guilford Community Centre with song on Friday evening during the annual St. Andrew's Day concert. The evening of Scottish music and dance was well attended.

Second year for the event, which brings a little bit of Scotland to the Haliburton Highlands

Kinmount Korner

By MILLIE MOSS

The Kinmount St. Patrick's CWL will be holding their annual turkey bingo Tuesday, December 6 at 8:00 p.m. in the Kinmount Legion Hall. There will be sixteen turkeys, two share the wealth games, two special games. Admission is one dollar. Come out and join in the fun.

Results of the CWL card party, Tuesday, November 22 are: ladies' high, Gladys Anderson; ladies' low, Flo Schlosser; men's high, Frieda Harrison; men's low, Norma Hamilton, lone hands, Sam Duffy. There were seven tables.

Ed Todd of Kinmount was the winner of \$22 in the Legion 50/50 draw on November 19.

Flo Drinkle is recovering from eye surgery at Ross Memorial Hospital in Lindsay.

Results of the Galway Wednesday night euchre November 23 are: ladies' high, Muriel Nightingale; ladies' low, Maxine Cross; men's high, William Holstock; men's low, Leon Wright; most lone hands, Ida Young.

Quite a number of folks have been sick recently, including Sam and Margaret Telford, Helen Graham, June and Bill Cooper, Joyce Hills, Helen Jones, Gertie Crichton, Jason Moss and his grandma, and Father Brooks. Here's to all of us being well very soon. There seems to be a bug going the rounds again and believe me, it's not very pleasant. I was glad to hear that Alex Graham, Florence Alton and our son Bill are but a few who have been recent hospital patients but now home again.

A little gem taken from a September 1977 issue of

Reader's Digest: "My wife and I both work. Neither of us is handy with the usual chores required to maintain a household. The other day, after several weeks of a dripping faucet, the handle on the tap broke, making it impossible to turn the water on or off. My wife asked me, somewhat testily, if I would fix it. After a half hour of strenuous effort, I concluded the easiest way would be to leave the pliers by the sink and turn the tap with the pliers each time water was needed. When I told my wife of the solution, she brightened considerably. "Oh good," she said, "I'll bring the office stapler home tomorrow." "What on earth for?" I asked. "I've got your buttons to sew on and the hole in your pants' pocket to repair." I called a plumber."

How can you tell I'm short on news this week? I hope to be feeling better next week and out and around where I can pick up the items you read here each week. In the meantime, stay well and happy, give me a call at 488-2353 and keep on reading the Echo.

CAN HELP YOU CLEAN UP!

Members and Guests

By MARY HADLEY

Adeline and Ross Hunter of Oshawa spent the weekend recently with Evelyn and Hubert Alsop.

We are glad to report that Bev MacDuff has been able to return to her home from hospital in Peterborough.

Mrs. Bert Madill is a patient in the Haliburton Red Cross Hospital. We trust she will soon be able to return to her home.

Audrey Prentice with her daughter Barbara and husband Barry and two children, Douglas and Janice, spent last weekend at her home here.

Several relatives gathered at the home of Tommy Dovell

recently to wish him another happy birthday and to help him celebrate. These included: Max and Marion Hartin of Port Perry; Ross and Myrtle Alsop and their daughter, Valerie, of Mount Albert; Blaine and Judy Alsop and son, Ward, of Powles Corners; Mary Maxwell and son, Gerry, of Marmora; Sandra and Dale Dovell with their daughters, Michelle and Amanda.

Our community was

shocked and saddened on hearing that Beatrice Staley had died suddenly last Friday at the Peterborough Civic Hospital where she had been transferred from Haliburton Red Cross Hospital suffering from pneumonia. She was 55 years of age.

Left to mourn her passing are: her husband, Bruce Staley; a daughter, Sheila and a son, Douglas; her mother, Erma Haywood; four

sisters, Hazel Madill, Erma Madill, Vera Godfrey and Norma Craftchick and three brothers, Ivan, Ross and Marlo.

Rev. Sauve conducted funeral services on Monday, November 28 at the Pentecostal Church. Interment took place in the Glamorgan Cemetery.

We all convey sincere sympathy to the family in their hour of sorrow.

RRIF

Registered Retirement INCOME FUND

an alternative for RRSP holders in their Sixties

Are you between 60 & 71 with a RRSP?

If so here's an important investment option. You can put your RRSP funds into a RRIF before the end of the year (31 December 1983) and you can begin receiving a regular income from it, starting in 1984.

For the full story on how your RRSP funds can be earning for you and providing an income, call Bruce Trotter at 1-800-268-9207.

Minden news

By MAIZIE AUSTEN

Sincere sympathy to the family and friends of Lorne Kent, and also to the family and friends of Jim McKay, on their recent loss.

Don't forget the Pot Luck Supper December 3 at the curling club. The social hour is from 6:00 to 7:00. Anyone planning to attend please contact Anita at 286-3264.

Weekend guests of Mr. and Mrs. Ron Robinson Sr. were their daughter, Dorothy Anne, and Bill, from Owen Sound.

Mrs. Thern Corby celebrated her 80th birthday November 21, at the home of her daughter, Mary Cowen. Her sisters, Marie Austen and Lydia McNeil, a niece, Phyllis Sutherland and Joan Pearson called in to help celebrate.

Lydia McNeil will be having a birthday December 3. She will be 83 years young. I hope you have a Happy Birthday Lydia.

The Lions Club members still have some tickets to sell on the Christmas cake, to be raffled off December 15. The tickets are three for \$1.

Mr. and Mrs. Phil Robinson visited with his sister, Mrs. Truman Clayton of Lindsay, Wednesday, November 21.

Susan Austen, of Queen's University, Kingston, had a nice visit with her mother, Marie Austen, last week.

If you have any news for me to print please call 286-3607.

The Junior curlers are still looking for curlers between the age of 12 and 18 to curl on Tuesday evenings at 5:00 p.m. Anyone interested please call Mike Amyotte, 286-2632.

If there are enough people interested in darts and shuffleboard the Dominion Hotel will be having tournaments. If interested, drop in and sign up.

Atoms play in tournament

from page 7

Port Carling moved to within one goal in the third period, but the threat was quickly snuffed out, as Stamp made it 4-2 with help from Wilson and Chris Greenfield got the insurance marker, assisted by Chad Bain and Wade Wood.

Hans Fluegel handled his duties between the pipes well, and he got good work from defensemen Jamie Hunter, Jeff Black, Russell Morrison and Reid Elstone.

On Saturday Haliburton met Minden in the opening round of Atom tourney, and played to a 3-3 tie. But the match was decided on the first goal, and it was Minden

who advanced to the championship round. Scoring for Haliburton were Chad Bain assisted by Chris Greenfield and Wade Wood, Wood unassisted, and Greenfield from Jamie Hunter.

In the consolation semi final, Haliburton met the Peterborough All Saints and lost the match up 4-2.

Scoring for Haliburton were Chad Bain from Wade Wood and Reid Elstone, and Wood from Chris Greenfield.

Hans Fluegel played well in the net, stopping two breakaways and keeping the score within reach for the entire match.

who advanced to the championship round.

The Parish Hall at St. Anthony's Catholic Church in Haliburton was a busy spot last Saturday afternoon as scores of people turned out to the church's annual pre

Christmas bazaar. The baked goods sold quickly, as did the other items on sale.

Norland Natter

By KELLY GRAHAM

Hello. Well, it looks as if I'll have to eat my words. Last week I said I thought the snow was here to stay; I guess not!

Mrs. Kerry Hudson has resumed her duties at Norland Public School. Mrs. Hudson is teaching Grades 5, 6, 7 and 8 music, running the library, and teaching as Principal's relief.

The Victoria County Toy and Book Mobile recently raised over \$750 at a fund-raising concert featuring Sandra Beech. The mobile, which visits Norland every three weeks, now serves over 500 children throughout the county. Incidentally the mobile will not be making any visits in the month of December.

The hockey scores for Sunday, November 20 were as follows: The Excavators defeated the Generals 7-3 and the Taverners came out in front of the Gravellers 6-5. Stacy Eason is still leading with the greatest number of assists.

Congratulations again to Terry Janke of Norland. Previously I reported on Terry being the new building inspector for Laxton-Digby-Longford Township; well Terry is now Bexley's new building inspector also. I'm sure he will excel at both jobs.

There will be a Christmas Dance at the Norland Community Hall on December 17. The group "Whisky Sunrise" will be playing and the cost is \$12 a couple, including a hot meal being served. The dance, which is from nine to one, is being sponsored by the Ladies' Auxiliary.

The winner of Shirley Harrison's Wintario ticket last week was Alex Graham.

There will be a Christmas bingo in the Norland Community Hall on Monday, December 5 at 7:30. Turkey are among the prizes to be won. The bingo is also sponsored by the Ladies' Auxiliary.

The Ladies' Auxiliary will also be holding a Christmas

party for all students of Norland Public School on December 15 at the Community Hall. Although specific activities have not yet been planned it promises to be a fun time. Parents, relatives, and friends are welcome. The starting time is 1:30. I think that we owe the Ladies' Auxiliary a big thank you for planning all these activities.

There will be a Christmas family luncheon and bazaar in the Norland Community Hall Saturday, December 3 from 11 a.m. to 1:30 p.m. Preschoolers are admitted free, children under twelve \$1 and adults \$3.

Jim and Jean Boyce would like to thank all the people who attended their 25th

wedding anniversary dance.

A special thanks to Jack and Dolly LeCraw, Joan Brohm and Jim Payne, Theodore and Pat Watson, Vernon LeCraw and Mary Geogre Coewan for all their work. Also to the Black River Band who played so well. Out of town guests were from Lindsay, Peterborough, Hornepayne, Toronto, Oshawa, Whitby and surrounding parts of Victoria County. The couple were presented with a Whirlpool refrigerator, a TV stand and dishes, all from their many friends in the community.

Are your hard-earned dollars going up in smoke?

Then take a few minutes now and discover how adding electricity to your oil furnace can dramatically cut the cost of heating your home.

If your oil furnace is in good condition, but you'd like it to run more economically, a dual-energy system combining oil and electricity may be just the answer. In fact, depending on how much electric heat you add, and how you operate your system, you could use as little as one tank of oil for an entire heating season!

For example, an electric plenum heater or heat pump, will reduce the amount of oil your furnace uses by up to 75%. In addition, a heat pump provides air conditioning in the summer for economical year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

If you'd like to know more about dual-energy and all-electric systems, write to Ontario Hydro, 620 University Ave., 4th Floor, Toronto M5G 1X6, and ask for our free booklet "Electric Heating Options for Your Home."

The few minutes you take now could add up to big savings this winter.

Haliburton County Council minutes

Haliburton County council assembled in the Council Chambers at 10 a.m. Wednesday, November 16, 1983 for the regular November meeting of County Council with all members in attendance except Dalton MacDonald, absent through illness.

Warden Howe, in the Chair, expressed appreciation on behalf of County Council to Reeve McKnight and Deputy Reeve Pergolas of Anson, Hindon and Minden for the improved sidewalk in front of the County Building. Warden Howe then announced a special presentation on Lake Capacity Study by the Ministry of Municipal Affairs and Housing, and introduced Ministry representatives, Martin Sinclair, Research Manager, Research and Special Projects Branch, Jean Downdy and Lou Spittel.

Replies from the municipalities in reply to the Wellington County resolution re School Board budgets and restraint, had been summarized and circulated to all members. The Warden invited comments then requested that it be recorded in the minutes that apparently County Council does not wish to deal with this matter in the form of a resolution.

Murray Farrey reported that the committee appointed by County Council had convened a successful public meeting October 27, and had since met to commence formulating a brief outlining the many concerns.

Finance Chairman G. Lewis reported that the Finance Committee had reviewed accounts and recommended approval.

Accounts were approved in the amount of \$76,205.56 for the period from October 19 to November 15, 1983.

The Clerk read a number of letters as requested by the Correspondence Committee.

Council supported a resolution of the City of Stratford regarding co-operation between the Ministries of Municipal Affairs and Housing and Education to expand teaching of Local Government in School thus creating more awareness of their functions and operation.

It was requested that a Natural Resources project proposed be followed closely, with review also by County Roads. A request is to be

sent to the Ministry for the County to be placed on a mailing list to be kept fully informed.

By-law no. 1234, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Anson, Hindon and Minden to close, stop up and convey part of the original allowance for road along the shore of Kashagawigamog Lake in front of Lot 18, Concession 2, Township of Minden, was passed.

By-law no. 1245, a by-law to consent to the passing of a by-law by the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde to close, stop up and convey part of the original shoreline road allowance along the shore of Green Lake in front of Part Lot 2, Concession 5, Township of Guilford, was passed.

By-law no. 1246, a by-law to consent to the passing of a by-law by the Corporation of the Township of Sherborne, McClintock, Livingstone, Lawrence and Nightingale to close, stop up and convey a portion of the original allowance for road in Part of Lot 8, Concession 12, Township of McClintock, was also passed.

By-law no. 1247, a by-law to consent and concur in the passing of a by-law by the Corporation of the Townships of Sherborne, McClintock, Livingstone, Lawrence and Nightingale to close, stop up and convey part of the original shoreline road allowance fronting on Oxtongue Lake in front of Lot 8, Concession 12, Township of McClintock, was passed.

By-law no. 1248, a by-law to consent to the passing of a by-law by the Corporation of the Township of Stanhope to close, stop up and convey parts of the original allowance for road and parts of a road allowance designated on a Crown Survey along the shore of Little Hawk Lake fronting-part Lots 20 and 21, Concession 10, Township of Stanhope, was passed.

Martin Sinclair made a slide presentation and verbal report on the Lake Capacity Study undertaken by the Ministry of Municipal Affairs supported also by the Ministry of Environment and Ministry of Natural Resources.

Remedial management and preventative management were stressed to preserve the quality of lakes when considering development.

County Roads report of operations was given by County Engineer Bill Obee.

By-law no. 1249, a by-law to prescribe a rate of speed for motor vehicles on certain County roads, was passed.

Council requested that the 1984 Moose Hunting Season coincide with the first week

of the Deer Hunting Season in Haliburton County.

Council will meet six times per year instead of the present ten times for 1984 and the finance committee will meet monthly to approve local accounts; a by-law on the change is to be drafted for December Council.

The Assessment Commissioner will be asked to December County Council on the possibility of updating the 1978 Market Value base

to reflect more current conditions throughout the County.

In accordance with S. 51, s.s. (3) of the Municipal Act, Chapter 302, R.S.O. 1980, the manner of electing the Warden at the Inaugural Session shall be by open vote similar to previous practice of this County.

Warden Howe mentioned the date of the Inaugural Session which this year will be Tuesday evening December 20 at 7 p.m.

Farmers' Association News

By ERNEST HILLS

This autumn has proved to be both a hectic and exciting time within the Association. We have provided some informative meetings, as well as instituting some radical changes to the structure of the organization. The inevitable, yet always seemingly abrupt end to the year becomes lost in the enthusiastic plans for the next, and reflections on yesterday are swept away in the hurried pace of tomorrow.

On Wednesday, October 19 the Haliburton County Farmers Association were invited to tour the new facilities of Louis DeKoker and Sons Custom Meat Processing Plant in Lindsay. As in the past the membership was extended the special courtesy and hospitality of Louis DeKoker and his wife. Inevitably one remarks of the cleanliness, the efficiency, and the pleasant manner in

which business is conducted at the DeKoker establishment.

The focus of the tour had been the processing of hogs through the abattoir, from the kill to the cutting and wrapping. Select cuts are specified for smoking, at the request of the recipient of the pork, and we were allowed to see the new smoker in action. We would like to express our thanks to the DeKokers for hosting this informative tour.

On the snowy night of November 15 those in attendance at the general meeting of the Haliburton County Farmers Association accepted into being, constitutional amendments which will forge an exciting and innovative program within the agricultural community of Haliburton.

The two-part program of the meeting commenced with a movie presentation and discussion on metric conver-

sion and how it relates to the farm. Mr. Barclay Craig of the metric commission kindly attended, having driven a considerable distance in terrible weather to explain the history and give some insights as to the future of the metric system.

shows, obscure one major front on which the battle is far from won -- our language.

Human prejudice against wildlife remains so deeply imbedded in our culture that even the thesaurus is guilty of it. I never realized this until one day when I was looking for synonyms for "wild" while writing a piece about the importance of saving endangered species.

"Wild beast" was listed in the thesaurus under the general heading "evildoer" or "maleficent being." Subheadings included savage, wild beast, hag, monster and cockatrice, with such varied synonyms under these groupings as oppressor, tyrant, nihilist, ruffian, leopard, jaguar, gorilla, Jezebel, demon, fiend, redskin (another unjust synonym), snake, alligator, bloodsucker, vampire, ogre and ghoul.

No wonder our efforts at wildlife protection don't always succeed. Apparently, animals in their native habitat, particularly predators, have been and still are, to some extent, considered synonymous with evil.

Among the animals listed in the thesaurus under the heading of "evildoer" are tiger, leopard, panther, hyena, catamount, lynx, cougar, jaguar, puma, gorilla, vulture, adder, snake, serpent, cobra, asp, viper, rattlesnake, boa, alligator, crocodile and octopus. The number of these which are also on the rare or endangered species list is impressive.

It takes a long time to teach people that wild animals aren't "bad". Take the much slandered snake, for example. The truth is that very few snakes are poisonous and snakes have a valuable place in the ecological scheme of things. They kill rodents and, like most predators, prevent an overpopulation of plant-eating animals. But how does one teach people not to kill a snake on sight, when the very name has been equated with evil for millennia?

We could start a campaign to stop this verbal assault upon wild animals. But considering the limited success of the women's movement in trying to eliminate the sexual bias in language, it is likely that "beast" will mean "wrongdoer" for at least as long as "womanish" means "weak" and "manly" means "courageous" (other thesaurus synonyms). Eve and the snake have been blamed for all man's troubles for a long time.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY PART OF THE ORIGINAL ALLOWANCE FOR ROAD ALONG THE SHORE OF GREEN LAKE IN FRONT OF LOT 2, CONCESSION V IN THE TOWNSHIP OF GUILFORD IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN pursuant to Chapter 302, Section 301 of The Municipal Act, as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, December 12, 1983 a By-Law to Close, Stop-Up and Convey Part of the Original Allowance for Road along the shore of Green Lake in front of Lot 2, Concession V in the Township of Guilford, County of Haliburton.

AND WHICH SAID parcel or tract of land is illustrated as Part 1, shown in heavy outline on a plan of survey by Bishop and Wilson, Ontario Land Surveyors, dated July 30th, 1983 and available for inspection at the Township Office of the Municipality of Dysart et al, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applied to be heard.

DATED at Haliburton, Ontario this 26th day of October, 1983.

Wayne B. Wood, C.M.C.,
Clerk-Administrator

Farmers' Association

from page 12

Mr. Craig noted that inhospitable weather is often not nearly so disconcerting as the inhospitable gatherings he addresses. The weather on the 15th made for a poor turn-out, however we hope Mr. Craig found us an attentive group, as we appreciate his efforts to enlighten us.

The second part of the meeting centred upon discussion of a motion before the membership calling for the amendment of the Farmers Association's constitution, which had been previously ratified at the executive level. As a result the motion was carried and a new format was adopted in keeping the Haliburton County Farmers Association astride of the times.

The proposals involved some risk in expectations exceeding what will certainly be a slow process of new growth, in attempting to institute programs and activities which in addition to promoting a more vigorous agricultural program hereabouts, would demonstrate to the farming community that this is a dynamic and worth-

while organization.

Changes include the discontinuation of our present regional representation, and an expansion of the executive committee, with a greater degree of responsibility assumed by the directors. Each director, where possible, will represent the interests of either a specific area of agricultural endeavour, or assume the responsibility for one of the programs run by the Association.

Some of the highlights include the recognition of small animal husbandry and market gardeners as burgeoning aspects of agriculture within Haliburton County. Other programs featured include liaison with our local fair boards, a more active test plot program, the continuation and development of the farmers market, and most importantly a director who would oversee an active and high-profile 4H

program county-wide.

In all we see the next few years with the Haliburton County Farmers Association as an exciting and challenging time. Looking ahead...

The annual meeting of the Haliburton County Farmers Association will be held Tuesday, January 10 at the Minden Municipal office.

The Haliburton County Farmers Association's annual banquet will be on Saturday, January 21, in the auditorium at the Minden arena. Tickets will be \$10 for adults and \$5 for children under 12. Tickets will be available soon from your area directors.

The Association is sponsoring a special draw. Tickets are available at \$1 each, and prizes include a specially prepared quilt, a \$100 bill, and a \$50 bill. All directors will have tickets to sell, and any members wishing to sell tickets would be appreciated.

STAR OF BETHLEHEM HAS MADE WISE MEN WONDER FOR ALL THESE YEARS

"Star of wonder, star of night, star with royal beauty bright...."

Ever since the first Christmas, the star that lead the Wise Men to where the Infant Jesus lay has been the object of conjecture and wonder.

Unfortunately, the only reference to the star in Matthew's Gospel offers no explanation for the phenomenon: "And behold, the star that they had seen in the East went before them, until it came and stood over the place where the child was."

Thus it is that scientists and biblical scholars alike have been free to speculate about various theories, ranging from the supernatural to logical explanations.

One theory is that the star was actually a comet; yet another asserts that the star was probably a supernova, a star that suddenly takes on spectacular brilliance.

There is still another theory that the star was actually a conjunction of planets. According to astronomical studies, there were three conjunctions of Jupiter and Saturn in the year 7 B.C. There were also major conjunctions of planets between 3 and 2 B.C., claim other studies. The 17th century astronomer Kepler calculated that Mars, Saturn and Jupiter had been in conjunction around the time of Christ's birth.

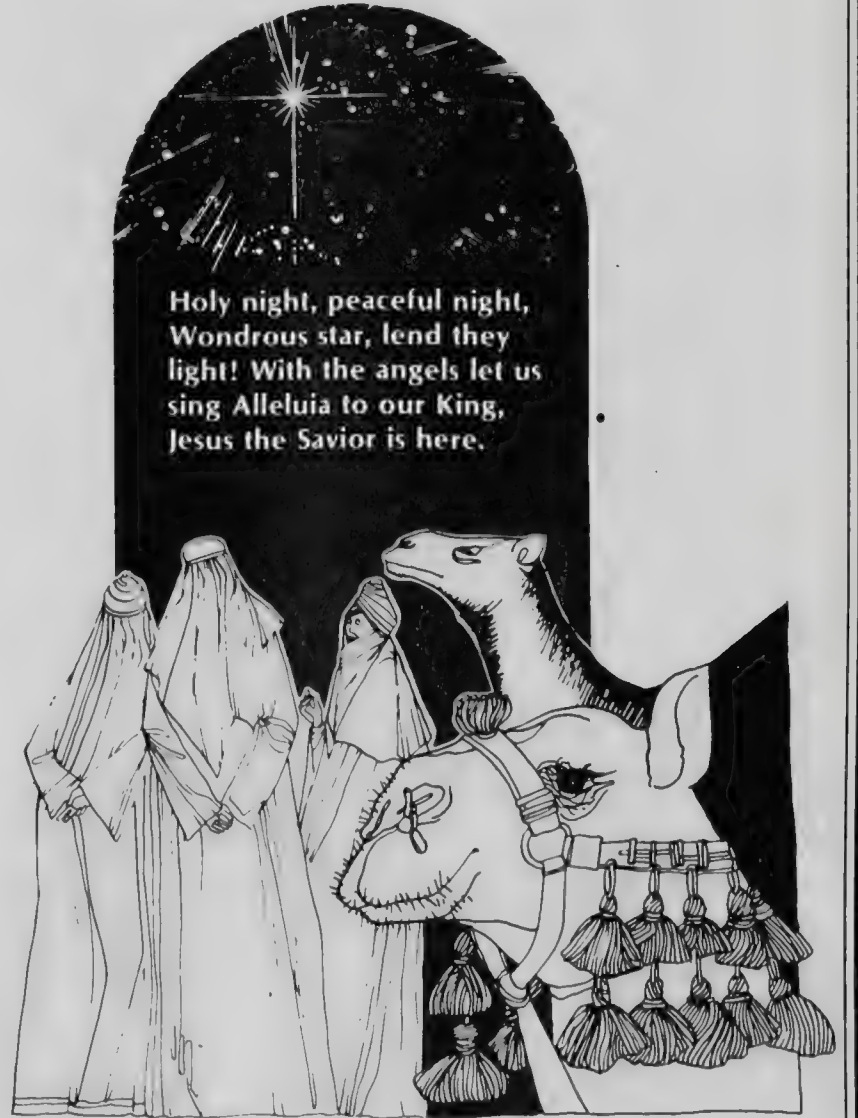

One supernatural theory holds that the star was not physically manifested, but rather visible to only those who were privileged to the events of the Nativity. Others believe that God placed the star in the heavens expressly as a sign for a brief period of time. Interestingly enough, this ties in with one scientific possibility; a new star, or a temporary star. Such stars have been observed from time to time; in fact, Hipparchus is believed to have discovered a brilliant star where none had been seen before in the year 134 B.C. Could this have been the Star of Bethlehem?

Aside from being a beacon to the Magi, the star also fulfills an important prophecy regarding the Messiah. The Book of Numbers foretold "There shall come a Star out of Jacob."

Whatever explanation seems most plausible, Christians have always attached great significance to the star's appearance.

There have been many songs written about the Star of Bethlehem and certainly no Christmas tree would be complete with out its star shining atop.

The Star of Bethlehem is a wondrous part of the still more wondrous Nativity story; its brilliance has come to symbolize for us the miracle that is Christmas: the birth of Jesus, the Light of the World.

A Child's Christmas

THE STORY OF TIMMY, THE TRUMPETER:

Timmy loved to play the trumpet. Every day, after school, he would rush home to practice.

Timmy's dream was to play in a band, someday. The trouble was, between practicing and daydreaming about the future, Timmy never paid attention to his schoolwork.

"No more trumpet playing," said his parents, "until your schoolwork improves." Timmy was brokenhearted. He could not understand what arithmetic and spelling had to do with playing the trumpet, and everyone knew he was going to be a famous trumpet player when he grew up!

But, Timmy's parents were firm, and he was a very unhappy little boy as the weeks passed.

Suddenly, the holiday were near, and all the boys and girls in Timmy's class were excited about the Christmas play they were going to perform.

Timmy was asked to play an angel. "I don't wanna play no angel," he said. "You mean an angel," his teacher corrected him. It was just like her, Timmy thought, always finding fault!

On the day of the play Timmy reluctantly went to school. As he and his classmates were putting on their costumes, Timmy's teacher called him aside. "I have a surprise for you," she said, handing him a box. Inside was his trumpet!

"I think it would be nice if one of the angels played a trumpet, don't you?" she smiled.

Timmy could hardly wait for the play to begin now! How proud his parents were as Timmy and the other angels told the shepherds about the Infant Jesus. And, all eyes were on Timmy as he loudly blew his trumpet!

Afterward, Timmy's teacher thanked him for playing the trumpet so well and doing better in class.

"From now on," a happy Timmy said, "I'm going to do my best in everything!"

A CHILD'S CHRISTMAS IN ITALY

Italian children have to wait until the Feast of the Epiphany, on January 6th, to receive their gifts.

Instead of a visit from Santa Claus, children in Italy are visited

by La Befana at that time.

Something of a witch, La Befana had the misfortune of not being able to find the Christ Child on the first Christmas, even though she had been told all about the star of Bethlehem by the shepherds. It seems that she waited too long and missed the star, and ever after she has wandered in search of the Baby Jesus at Christmas time.

She leaves gifts at each house in Italy, in hopes that the Christ Child may be sheltered there.

CHRISTMAS CUSTOMS OF OTHER COUNTRIES

Most of our Christmas customs are a gift brought from other countries, so there is much to be learned about the Christmas spirit by visiting them.

In North America

Southbound, in that "land of the posadas," Mexico, families gather for nine consecutive nights to re-enact the first Christmas. This ceremony of drama, song and prayer is followed by blindfolded children breaking a pinata. What a scramble to pick up the fallen pieces of trinkets and sweets!

Continuing south, we discover many countries have adopted the posada custom. South America children also put notes beside the manger for the good angels to take up to Jesus.

Upon seeing festivities from sunrise to sunset, highlighted by horse racing and Indian dances, you'll know you're in Chile.

The season is ripe, and so, Bolivians celebrate their harvest festival along with Christmas.

In Europe

It was in Germany that trees and toys first became a part of the holiday. All the family waits until six o'clock on Christmas Eve for Mother to unveil the hidden tree, decorated not only with lights and ornaments, but tasty treats.

On December 6th, Austria's opening of the season is greeted with a visit from "Knecht Ruprecht," leaving small gifts and sweets for the good or a switch for the others. Highlighting an Austrian Christmas is the procession to midnight mass, with lighted candles, singing Austria's own carol, "Silent Night."

ANGELS WE HAVE HEARD ON HIGH

Angels we have heard on high
Sweetly singing o'er the plains,
And the mountains in reply,
Echoing their joyous strains.

[Refrain]

Gloria
In excelsis Deo,
Gloria
In excelsis Deo.

Shepherds, why this jubilee?
Why your joyous strains prolong?
What the glad tidings by
Which inspire your heav'nly song?

Come to Bethlehem and see
Him Whose birth the angels sing;
What the glad tidings be
Which inspire your heav'nly song?

Come to Bethlehem and see
Him Whose birth the angels sing;
Come, adore on bended knee,
Christ the Lord, the newborn King.

THE HOLLY AND THE IVY

The holly and the ivy,
When they are both full grown,
Of all the trees that are in the woods,
The holly bears the crown.

[Refrain]

The rising of the sun
And the running of the deer,
The playing of the merry organ,
Sweet singing in the choir.

The holly bears a blossom
As white as any flower,
And Mary bore sweet Jesus Christ,
To be our sweet Saviour.

The holly bears a berry,
As red as any blood,
And Mary bore sweet Jesus Christ
To do our sinners good.

The spirit of Christmas...

The spirit of Christmas is as elusive as the note
of a Christmas carol, carried on the wind.

The spirit of Christmas is a hard thing to define. You cannot touch it or see it, but you know when it is there. It may be hard to recognize with a Santa on every corner and long lines of people in too big a hurry. But remember that each and all of those other shoppers are using their Christmas spirits to make their own family and friends happy. So when you're in a crowd in a hurry remember that the spirit of Christmas is there.

JOY TO THE WORLD

Joy to the world! the Lord is come,
Let earth receive her King;
Let every heart prepare Him room,
And heaven and nature sing.

Joy to the earth! The Saviour reigns;
Let men their songs employ;
While fields and floods, rocks, hills and plains,
Repeat the sounding joy.

No more let sins and sorrows grow,
Nor thorns infest the ground,
He comes to make His blessings flow.
Far as the curse is found.

He rules the earth with truth and grace,
And makes the nations prove
The glories of His righteousness,
And wonders of His love.

I SAW THREE SHIPS

I saw three ships come sailing in,
On Christmas Day, on Christmas Day.
I saw three ships come sailing in,
On Christmas Day in the morning.

And what was in those ships all three?
On Christmas Day, etc.

Pray, whither sailed those ships all three?
On Christmas, etc.

O they sailed into Bethlehem.
On Christmas, etc.

And all the bells on earth shall ring.
On Christmas, etc.

And all the angels in Heav'n shall sing.
On Christmas, etc.

HARK THE HERALD ANGELS SING—

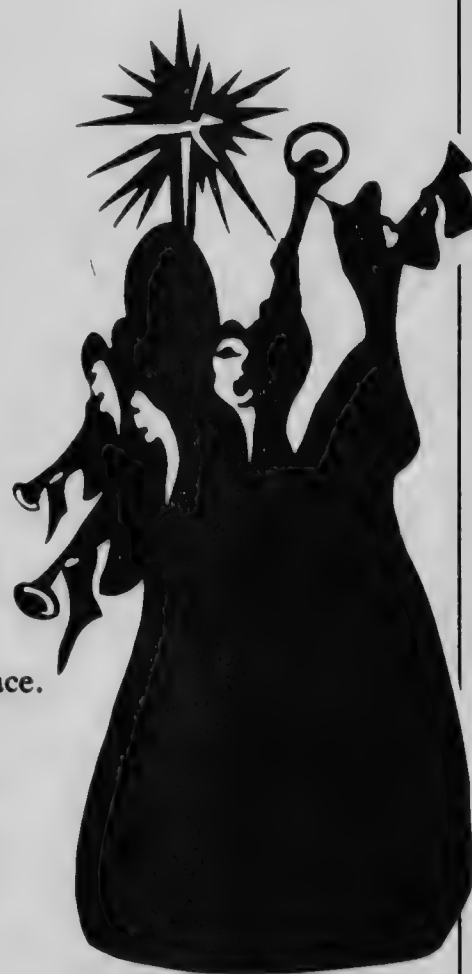

Hark! the herald angels sing,
"Glory to the new born King"
Peace on earth and mercy mild,
God and sinners reconciled!

Joyful, all ye nations rise,
Join the triumph of the skies,
With the angelic host proclaim,
"Christ is born in Bethlehem."

[Refrain]
Hark! the herald angels sing,
"Glory to the new born King".

Christ, by highest heaven adored,
Christ, the everlasting Lord,
Late in time behold Hime come,
Offspring of a virgins womb.
Veiled in flesh the Godhead see;
Hail, the Incarnate Deity,
Pleased as Man with man to dwell.
Jesus, our Emmanuel!

Hail, the heaven born Prince of Peace.
Hail, the son of Righteousness!
Light and life to all He brings,
Risen with healing in His wings.
Mild He lays His glory by,
Born that man no more may die,
Born to raise the sons of earth,
Born to give the second birth.

Christmas is coming, the geese are getting fat,
Please to put a penny in the old man's hat;
If you haven't got a penny, a ha'penny will do,
If you haven't got a ha'penny, God bless you!

— Anonymous

We Three Kings....

We three Kings of Orient are,
Bearing gifts we traverse afar.
Field and fountain,
Moor and mountain,
Following yonder star.

[Refrain]
O star of wonder, star of night,
Star with royal beauty bright;
Westward leading,
Still proceeding,
Guide us to thy perfect light.

Born a King on Bethlehem's plain,
Gold I bring to crown Him again.
King for ever,
Ceasing never,
Over us all to reign.

Frankincense to offer have I,
Incense owns a Deity nigh,
Prayer and praising,
All men raising,
Worship Him, God most high.

Myrrh is mine, its bitter perfume
Breathes a life of gathering gloom:
Sorrowing, sighing,
Bleeding, dying,
Sealed in the stone-cold tomb.

Glorious now behold Him arise;
Kind, and God, and sacrifice!
Alleluia!
Alleluia!
Earth to the heavens replies.

O LITTLE TOWN OF BETHLEHEM

O little town of Bethlehem,
How still we see thee lie!
Above thy deep and dreamless sleep
The silent stars go by;
Yet in thy dark streets shineth
The everlasting light;
The hopes and fears of all the years
Are met in thee tonight.

For Christ is born of Mary;
And, gathered all above,
While mortals sleep, the angels keep
Their watch of wondering love.
O morning stars, together
Proclaim the holy birth,
And praises sing to God the King,
And peace to men on earth.

O Holy Child of Bethlehem,
Descend to us, we pray;
Cast out our sin, and enter in;
Be born in us today.
We hear the Christmas angels
The great glad tidings tell;
O come to us, abide with us,
Our Lord Emmanuel.

SILENT NIGHT

Silent night! Holy night!
All is calm, all is bright
Round yon Virgin Mother and Child,
Holy Infant so tender and mild,
Sleep in heavenly peace,
Sleep in heavenly peace.

Silent night! Holy night!
Shepherds quake at the sight;
Glories stream from heaven afar,
Heavenly hosts sing Hallelujah,
Christ, the Saviour is born!
Christ, the Saviour is born!

Silent night! Holy night!
Son of God love's pure light;
Radiant beams from Thy holy face,
With the dawn of redeeming grace,
Jesus, Lord, at Thy birth,
Jesus, Lord at Thy birth.

Behold, there came wise men from the east...saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him...And...they saw the young child with Mary his mother, and fell down, and worshipped him: and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh.

The Gospel According To St. Matthew

THE FIRST NOEL

The first Noel the angel did say
Was to certain poor shepherds in fields as they lay;
In fields where they lay a-keeping their sheep,
On a cold winter's night that was so deep.

[Refrain]

Noel, Noel, Noel, Noel.
Born is the King of Israel.

They looked up and saw a star
Shining in the east, beyond them far;
And to the earth it gave great light,
And so it continued both day and night.

And by the light of that same star
Three wise men came from country afar;
To seek for a King was their intent,
And to follow the star wherever it went.

Then let us all with one accord
Sing praises to our heavenly Lord,
That hath made heaven and earth of nought,
And with His blood mankind hath bought.

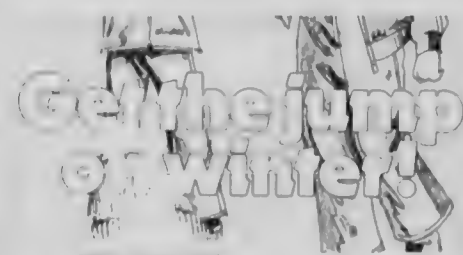

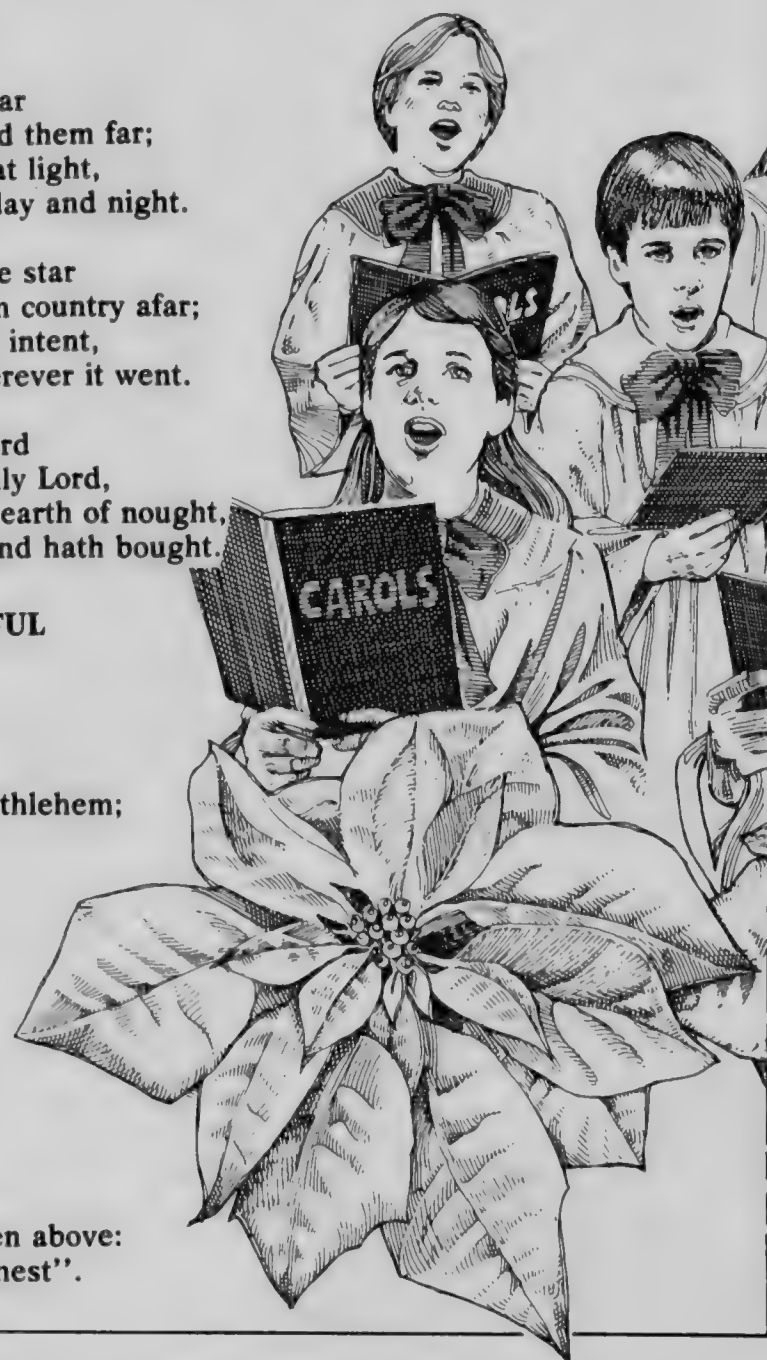

O COME, ALL YE FAITHFUL

O come, all ye faithful,
Joyful and triumphant,
O come ye, O come ye to Bethlehem;
Come and behold Him,
Born the King of angels:

[Refrain]

O come, let us adore Him,
O come, let us adore Him,
O come, let us adore Him,
Christ the Lord.

Sing, choirs of angels,
Sing in exultation,
Sing, all ye citizens of heaven above:
"Glory to God, In the highest".

IGA MARKET

We reserve the right to limit quantity

was the night before Christmas when all through the house...

Not a creature was stirring, not even a mouse. The stockings were hung by the chimney with care, in hopes that St. Nicholas soon would be there. The children were nestled all snug in their beds, **While visions of sugarplums danced in their heads.** And Mamma in her kerchief and I in my cap had just settled down for a long winter's nap. When out on the lawn there arose such a clatter, I sprang from my bed to see what was the matter. **Away to the window I flew like a flash,** tore open the shutters, and threw up the sash. The moon on the breast of the new-fallen snow gave a luster of midday to objects below, when, what to my wondering eyes should appear, but a miniature sleigh, and eight tiny reindeer, with a little old driver, so lively and quick;

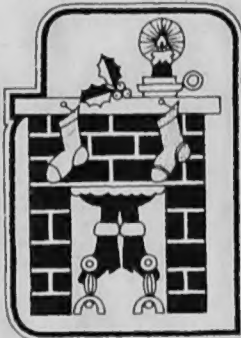

I knew in a moment it must be St. Nick. More rapid than eagles his coursers they came. And he whistled and shouted, and called them by name: "**Now, Dasher! Now Dancer! Now Prancer & Vixen! On, Comet! On, Cupid! On Dasher and Blitzen!** To the top of the porch, to the top of the wall! Now, dash away! Dash away! Dash away all!"

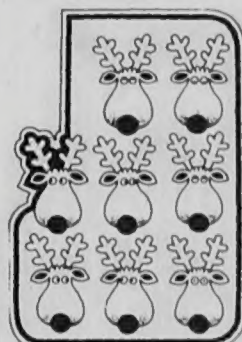

As dry leaves that before the wild hurricane fly, when they meet with an obstacle, mount to the sky, so up to the housetop the coursers they flew **With a sleigh full of toys, and St. Nicholas, too.** And then in a twinkling, I heard on the roof The prancing and pawing of each little hoof. As I drew in my head, and was turning around, **Down the chimney St. Nicholas came with a bound.** He was dressed all in fur, from his head to his foot, and his clothes were all tarnished with ashes and soot. A bundle of toys he had flung on his back, and he looked like a peddler just opening his pack. His eyes how they

twinkled! His dimples how merry. His cheeks were like roses, his nose like a cherry. His droll little mouth was drawn up like a bow, and the beard on his chin was as white as the snow. The stump of a pipe held tight in his teeth, and the smoke, it encircled his head like a wreath. He had a broad face and a little round belly that shook, when he laughed, like a bowl full of jelly.

He was chubby and plump, a right jolly old elf, and I laughed when I saw him, in spite of myself. A wink of his eye and a twist of his head soon gave me to know I had nothing to dread. He spoke not a word, but went straight to his work,

And filled all the stockings, then turned with a jerk. And laying his finger aside of and giving a nod, up the chimney he rose.

He sprang to his sleigh, to his team gave a whistle, and away they all flew like the down of a thistle.

But I heard him exclaim as he drove out of sight,

"Happy Christmas to all, and to all a good night."

Great Gifts Selected Especially for Husbands and Sons Make Your Christmas Shopping So Much Easier!

CHRISTMAS IS THE TIME FOR GREETINGS

It's Christmas! Time to shop for gifts, decorate the house...and send out greeting cards.

Christmas cards are so much a part of the holiday tradition that it's hard to imagine a time when they didn't exist. Yet, it wasn't until 1843 that the first Christmas greeting card was designed by John Calcott Horsley, the English artist.

Since then, cards of all kinds have found their way into the postman's sack. They reflect the sender's taste and interests in many ways, as well as current trends. Today's comical Santa, for instance, is more apt to be riding an all terrain vehicle instead of a sleigh.

There are always many religious themes to be found in yearly card selections: the madonna and child, the wise men, manger scenes and the star of Bethlehem, are among the more pious subjects.

Then, there are "cute" cards: amusing Santas, kittens and puppies, reindeer, and youngsters hanging up their

stockings by the chimney with care, for instance.

Victoriana seems to represent the spirit of Christmas to many. Hence, there will be the usual complement of Dickensian carolers, horsedrawn carriages and ice skaters adorning cards this season.

Christmas decorations are also favourite greeting card subjects: wreaths, Christmas trees, holly and poinsettias, among others.

Nature scenes of snow covered meadows or a doe in contemplation...artists always find inspiration in such subjects for Christmas greetings.

Whether "store bought" or handmade, greeting cards are always welcome at Christmas time as a special reminder of what the holiday season is all about ... a celebration of good will.

THE LEGENDS OF CHRISTMAS

There are many beautiful legends associated with Christmas. Perhaps one of the loveliest is that of the Christmas rose, also known as the Helleborus.

According to tradition, the rose first bloomed on Christmas night. It seems that a little girl was outside the stable on that very first Christmas, weeping because she had no gift for the Holy Infant.

An angel noticed the child and took pity upon her. Brushing the earth with a wing, the angel called the little girl's attention to where her tears had fallen.

Much to the child's wonder, a plant at her feet began to bud and then unfold into lovely, white flowers - here was a gift worthy of the Babe!

She placed them at the feet of Jesus. As His tiny feet touched the blossoms, suddenly the petals turned pink!

Thus was born the Christmas rose, so the legend says. Yet another legend centers around plants: a delicate bedstraw plant, strewn with tiny white flowers, is said to have been mixed with the hay in the manger where the Infant Jesus lay. The white flowers were miraculously turned to gold that night, and ever since then the plant has been known as Our Lady's Bedstraw.

Another legend explains how the lamb got its woolly coat. The story says that a little lamb was among the animals in the stable on Christmas Eve. Thinking that the Christ Child must be cold, wrapped only in swaddling clothes and laying upon straw, the little lamb nextled by the Infant, to shelter Him from the cold.

The Infant touched the little lamb, and its coat was transformed into soft, curly wool. Since then, the legend says, all sheep proudly wear a warm and woolly coat.

CHRISTMAS GREETINGS

From our friends in Norway it is, "Gledelig Jul!"

We would be welcomed to a French home with a "Joyeux Noel!" and while on a visit to Italy we would be greeted with a hearty "Buon Natale!"

If you like Christmas goodies, you'll love these

GINGERBREAD-MEN COOKIES

24 COOKIES

2 1/4 cups all-purpose flour
1/2 cup sugar
1/2 cup shortening
1/2 cup light molasses
1 egg
1 1/2 teaspoons ground cinnamon

1 teaspoon double-acting baking powder
1 teaspoon ground ginger
1 teaspoon ground cloves
1/2 teaspoon ground nutmeg
1/2 teaspoon baking soda
1/2 teaspoon salt
dried currants
Ornamental cookie frosting

Into large bowl measure all ingredients except currants and frosting. With mixer at medium speed, beat ingredients until well mixed. Cover and refrigerate 1 hour.

On lightly floured surface, with floured rolling pin, roll chilled dough 1/8 inch thick. Preheat oven to 350 degrees F.

With 5-inch long cutter, cut out men. Reroll trimmings and cut more cookies. With pancake turner, place 1/2 inch apart on cookies sheets.

On each cut out, place currants to represent buttons, eyes and mouth. (Or omit currants and mark with frosting after cookies have been baked).

Bake 8 minutes or until browned, then, with pancake turner, remove cookies to racks. Cool before decorating.

With paper cone or cake decorator and frosting, outline feet, sleeves and other features as you wish.

CHRISTMAS WREATHS

sugar
2 1/2 cups all-purpose flour
1 cup butter or margarine, softened
2 teaspoons grated orange peel
2 egg yolks
1/4 teaspoon salt
1 egg white, beaten
red and green candied cherries, chopped

In large bowl, measure 1/2 cup sugar and next 5 ingredients. With mixer at low speed, beat ingredients until just mixed; increase speed to medium and beat 4 minutes, occasionally scraping bowl with rubber spatula. (Mixture may look dry)

Preheat oven to 400 degrees F. Take a heaping teaspoonful of dough at a time and roll it into 6 inch rope. Place each dough rope on cookie sheet in a circle, crossing ends over.

Brush cookies with egg white and sprinkle on some sugar. Decorate with red and green cherries.

Bake 10 to 12 minutes until light golden. Allow wreaths to cool on cookie sheet. Store cookies in a tightly covered container.

SHAPING WREATHS

Arrange dough rope in a circle but cross one end over the other with 1/2 inch extending at each end.

DECORATING THE COOKIES

Press pieces of red and green candied cherries into cookies before baking to make a pretty decoration.

SUGAR COOKIES

[72 Cookies]

3 1/4 cups all-purpose flour
1 1/2 cups sugar
1/2 cup shortening
2 eggs
2 1/2 teaspoons double-acting baking powder
2 tablespoons milk

1 teaspoon vanilla extract
1/2 teaspoon salt
heaving or whipping cream or 1 egg white slightly beaten with
1 tablespoon water

Into large bowl, measure first 8 ingredients. With mixer at medium speed, beat until well mixed, occasionally scraping bowl.

Shape dough into ball; wrap with waxed paper; refrigerate 2 to 3 hours until easy to handle. Preheat oven to 400 degrees F. Lightly grease cookie sheets.

On lightly floured surface, roll half of dough at a time, keeping rest refrigerated. For crisp cookies, roll paper thin. For softer cookies, roll 1/8 inch to 1/4 inch thick.

With floured cookie cutters, cut dough into various shapes. Reroll dough trimmings and continue to cut shapes.

Place cookies 1/2 inch apart on greased cookie sheets. To glaze: Brush tops of cookies with heavy or whipped cream or with the beaten egg white and water mixture.

Sprinkle cookies with your choice of toppings; bake 8 minutes or until very light brown.
